# Thirty-Seventh Congress of the United States of America;

At the Second Session,

Began and held at the city of Washington, on Monday, the Second day of December, one thousand eight hundred and sixty-one.

## AN ACT

Granting public lands to the several States and Territories which may provide colleges for the benefit of agriculture and the mechanic arts.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there be granted to the several States for the purposes hereinafter mentioned an amount of public land to be apportioned to each State a quantity equal to thirty thousand acres for each Senator and representative in Congress to which the States are respectively entitled by the apportionment under the census of eighteen hundred and sixty: Provided, That no mineral lands shall be selected or purchased under the provisions of this act. Sec. 2 And be it further enacted, That the land aforesaid, after being surveyed, shall be apportioned to the several States in sections or subdivisions of sections, not less than one quarter of a section, and whenever there are public lands in a State, subject to sale at private entry at one dollar and twenty-five cents per acre, the quantity to which said State shall be entitled shall be selected from such lands within the limits of such State, and the Secretary of the Interior is hereby directed to issue to each of the States in which there is not the quantity of public lands subject to sale at private entry at one dollar and twenty-five cents per acre, to which said State may be entitled under the provisions of this act, land scrip, to the amount in acres for the deficiency of its distributive share: said scrip to be sold by said States and the proceeds thereof applied to the uses and purposes prescribed in this act and for no other use or purpose, whatsoever: Provided, That in no case shall any State to which land scrip may thus be issued, be allowed to locate the same within the limits of any other State, or any Territory of the United States, but their assignees may thus locate said land scrip upon any of the unappropriated lands of the United States subject to sale at private entry at one dollar and twenty-five cents or less per acre. And provided further, that not more than one million acres shall be located by such assignees in any one of the States. And provided further that no such location shall be made before

one year from the passage of this act, and all the expenses of management, superintendence of said lands, previous to their sale, and payment and disbursement of the money so paid by the States to which they may be so that the entire proceeds of the sale shall be any diminution, whatever to the fund. And be it further enacted, That all the money aforesaid by the States, to which the land scrip hereinbefore provided, of the United States, or of the States, or some per centum upon the par value of said scrip shall constitute a perpetual fund, the interest of which shall be inviolable, and may take and claim the benefit of the maintenance of at least one college where including other scientific and classical studies, to teach such branches of the mechanic arts, in such manner as may be prescribed, in order to promote the liberal education of the several States. And be it further enacted, That the government authorized shall be made, on the part of the States, as to the provisions hereinbefore provided, that the States shall be signified by legislative enactments, as provided by the interest thereon, shall, by any action, shall be replaced by the State to which shall remain forever undiminished, and regularly applied without diminution, the fourth section of this act, except so much as may be expended for the purchase of lands

§. And be it further enacted, that  
revenue, and taxes from duties of custom  
shall be applied without  
hereinafter mentioned. Sec. 4.  
moneys derived from the sale of the lands  
apportioned, and from the sales of  
shall be invested in stocks of the  
safe stocks, yielding not less than five  
percent, and that the moneys so invested  
of which shall remain for ever un-  
divided in section fifth of this act, and  
appropriated, by each State which  
to the endowment, support, and main-  
taining object shall be, without ex-  
ception, and including military  
studies and including military  
studies, as are related to agriculture, and the  
Legislatures of the States may respectively  
and practical education of the indus-  
trial professions in life. Sec. 5. And  
of land and land scrip here by  
following conditions, to which, as well  
as the previous assent of the several  
States: First. If any portion of the  
going section, or any portion of the  
contingency be diminished or lost, it  
shall belong, so that the capital of the fund  
and the annual interest shall be  
applied to the purposes mentioned in  
section, not exceeding ten per centum  
under the provisions of this act, may be  
used on experimental farms, whenever

authorized by the respective legislatures of said States. Second. No portion of  
said fund, nor the interest thereon, shall be applied, directly or indirectly, under  
any pretense whatever, to the purchase, erection, preservation, or repair of any building  
or buildings. Third. Any State which may take and claim the benefit of the pro-  
visions of this act shall provide, within five years, at least not less than one million as  
described in the fourth section of this act; or the grant to such State shall cease, and said  
State shall be bound to pay the United States the amount received of any lands previously  
sold, and that the title to purchasers under the State shall be valid. Fourth. An  
annual report shall be made regarding the progress of each college, recording any  
improvements and experiments made, with their cost and results, and such other matters,  
including State industrial and economical statistics as may be supposed useful;  
one copy of which shall be transmitted by mail free, by each, to all the other colleges  
which may be endowed under the provisions of this act, and also one copy to the  
Secretary of the Interior. Fifth. When lands shall be selected from those which have been  
raised to double the minimum price, in consequence of railroad grants, they  
shall be computed to the States at the maximum price, and the number of acres  
proportionally diminished. Sixth. No State while in a condition of rebellion or  
insurrection against the government of the United States shall be entitled to the bene-  
fit of this act. Seventh. No State shall be entitled to the benefits of this act unless it shall  
express its acceptance thereof by its Legislature within two years from the date of its  
approval by the President. Sec. 6. And be it further enacted, that land scrip is-  
sued under the provisions of this act shall not be subject to location until after the first  
day of January one thousand, eight hundred and sixty three. Sec. 7. And be it further  
enacted, that the land officers shall receive the same fees for locating land scrip issued under  
the provisions of this act as is now allowed for the location of Military Bounty Land warrants  
under existing laws; Provided their maximum compensation shall not be thereby increased.  
Sec. 8. And be it further enacted, that the Governors of the several States to which scrip  
shall be issued under this act shall be required to report annually to Congress all  
sales made of such scrip until the whole shall be disposed of - the amount received  
for the same and what appropriation has been made of the proceeds.

# DEDICATION

ALBERT P. MADEIRA

## DEDICATED

... to a man who has given to his students, not just of your education and knowledge, but your friendship and guidance. You have donated your time and energy to two of the most important campus activities—the *Index* and *Collegian*—in a manner befitting a man of your stature in the campus community. In recognition of your ability the University has chosen you to do work for important campus functions, and for a national organization. We of the 1959 *Index*, for the many hours of work that you have shared with us, for the lasting friendship that we have gained, hereby dedicate to you, Albert Madeira, this *Index*.

# *We're Here For Knowledge*

There are, within the University community, a group of men and women who have come here to drink of the veritable fountain of knowledge provided for them. They are of different religions, races, ages, cultures and countries. Their knowledge, their experience, their ambition: these will mold our future America. What better theme could we depict other than that one which exemplifies those with whom we have shared our four years. This is OUR University.

Vet Herb, like so many, has realized that higher education is the basic rung on the ladder of success.

Because of their experiences, vets are not only able to learn but to teach.

This married student finds being with his family no hindrance to his studies.

Marilyn finds plenty of time to write to her Ray . . . .

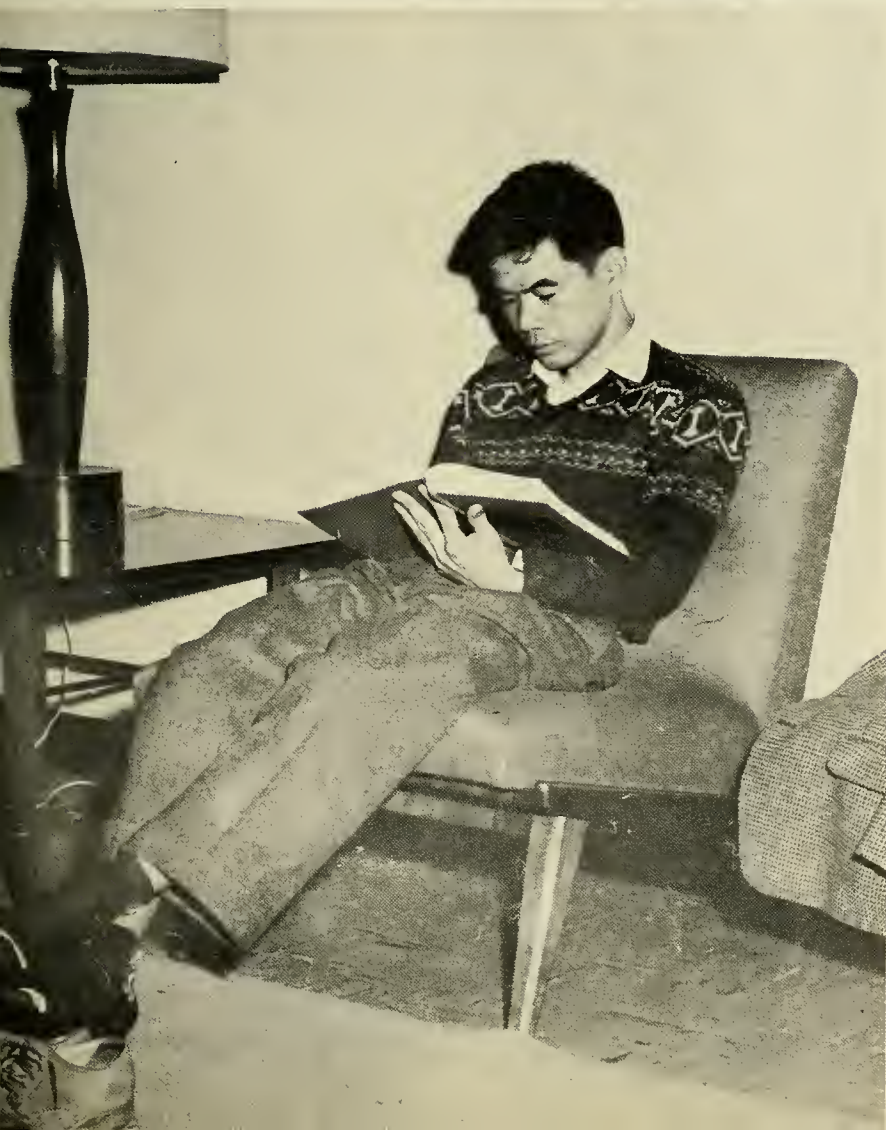

As well as Alice whose husband is away serving our country.

Neither distance nor national boundaries have prevented these foreign students from increasing their knowledge. While increasing their scope, they are also broadening our understanding of the world around us.

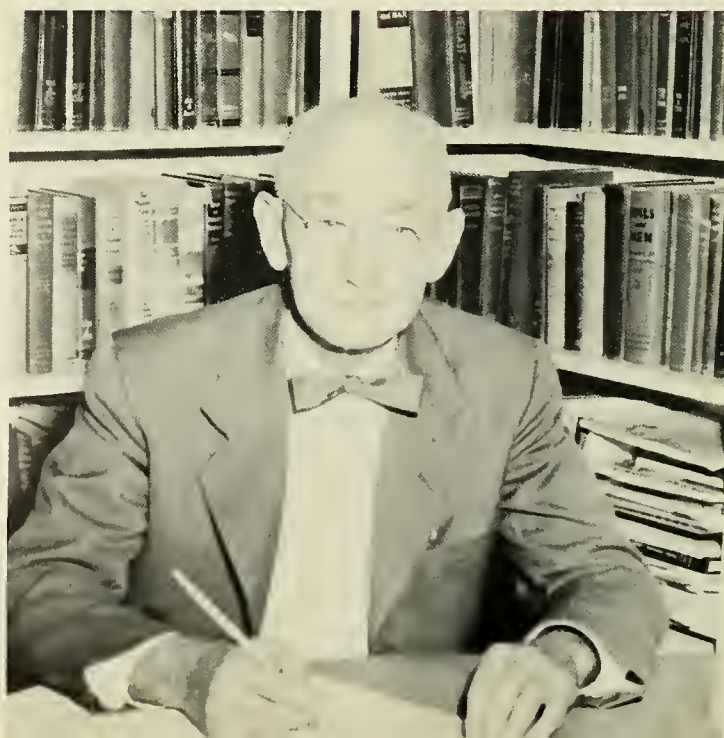

This housemother has joined the quest for knowledge . . .

. . . as has Sgt. Dobson.

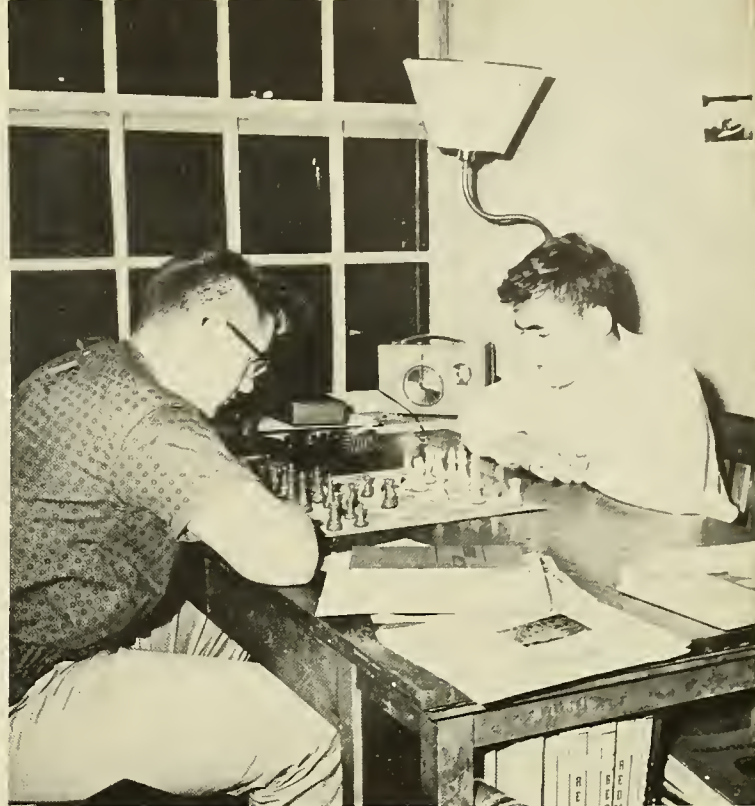

Registrar Lamphear is an important figure behind the scenes.

There are times we study . . .

times we take a break . . .

and times we just happen to be a little late.

. . . . taking the first month of every school year getting accustomed to a new home.

. . . . working for seemingly endless hours proving theories in a laboratory.

. . . . spending that extra hour or two between classes studying in the Union.

. . . . attending honor society receptions  
for guests brought to campus.

. . . . carrying a mechanical drawing  
board from one end of campus to an-  
other.

. . . . enjoying a lecture in the Cage.

. . . . working with people, like 33 year old Emile Salzberger, who have found that age is no barrier to either learning or activities.

. . . . making use of the guidance and placement facilities of the school.

. . . . looking for bibliographic material for that all important term paper.

. . . . obtaining that special sense of pride that is associated with creating material read and enjoyed by many.

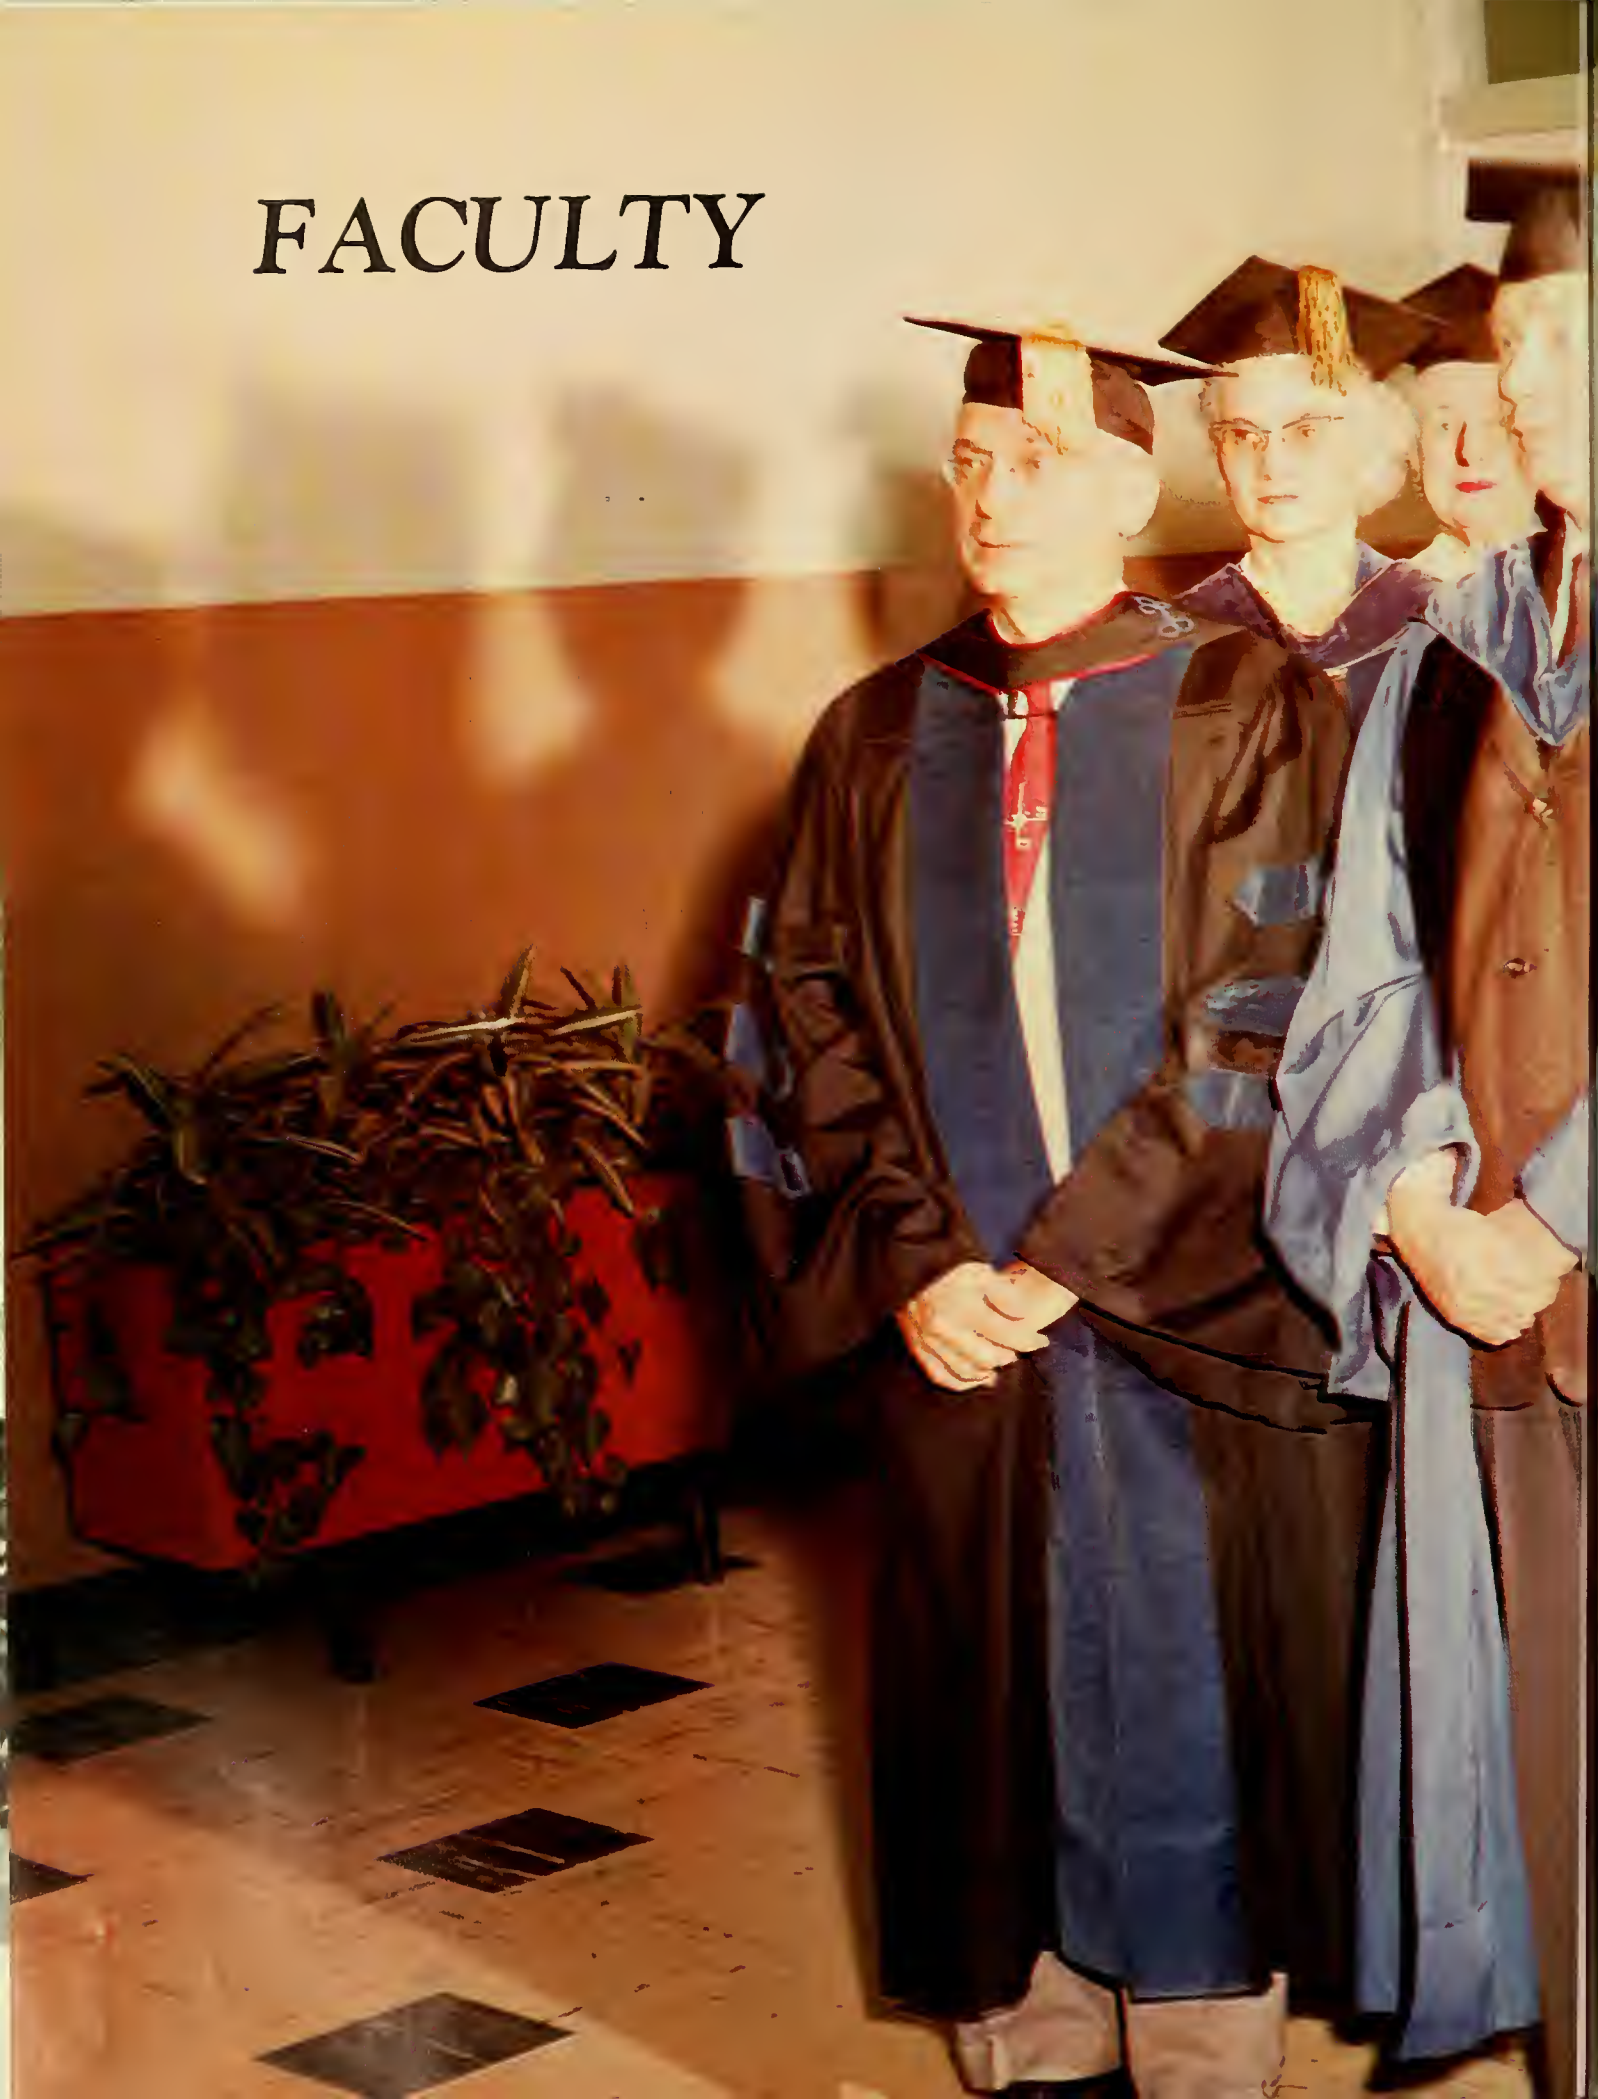

. . . . taking an active part in class affairs and attending informative class meetings.

FOSTER FURCOLO  
*Governor, The Commonwealth of Massachusetts*

Foster Furcolo  
Governor

The Commonwealth of Massachusetts  
Executive Department  
State House, Boston

February 10, 1959

TO THE ADMINISTRATION, STAFF, FACULTY, AND  
STUDENTS OF THE UNIVERSITY OF MASSACHUSETTS:

It is a pleasure, as Governor, to have this annual opportunity to extend the greetings of the Commonwealth to you all, and to acknowledge your endeavors and achievements at our State University.

Our State University is recognized in the Commonwealth and in the country as one of the finest educational institutions of its kind. It enjoys this reputation and respect because of the constant work and concern of many dedicated and loyal individuals.

I know that in the future, as now, the University of Massachusetts will continue its outstanding service to students and, in every way, will maintain the calibre of progress and performance for which it has become known.

Best of luck to each of you in your work at the University and in all your objectives of the future.

Sincerely yours,

# FACULTY

The faculty year in review would be incomplete if some mention were not made of the progress being made at the University by our educators. Here is a picture of what the University staffs, both here and in the Extension Service, are doing on their own time for the furthering of your education, and in the long run, for the benefit of all humanity. Needless to say, there is no such thing as "a complete list" of research grants and faculty publications, for new grants are being constantly awarded and many articles and books are being prepared right this very day. All this is being done because there is a never ending search for knowledge in our world. Knowledge can come to us only through the efforts of individuals such as those on our faculty.

The following is taken from a memorandum sent by Provost McCune to President Mather:

*"It is the obvious feeling of the Research Council that the University staff should carry on research and creative writing and publish their results. It is felt that as this is done, it will enhance the teaching program which is the primary purpose of the University."*

It is evident that many faculty members have adopted the foregoing statement as a basis for their academic activities. Since a complete list is impossible to obtain, we have attempted to gather information which can best represent the different work being done by each department.

The advances made in the field of science are an integral part of our daily lives. These days, new developments are being announced which affect every aspect of our existence. In the Chemistry Department, Dr. Stein, Dr. Little, and Dr. Carpino are doing major research projects: these include the examination of the synthesis and reactivity of a new class of organic compounds and a study of amorphous polymers. Members of the Zoology Department are equally busy. Some of their work, sponsored by the National Institute of Health, includes a study of

diet, temperature, toxins produced by trichomandas, and research on the growth and hypertrophy of the foetal rat kidney. The United States Department of the Interior is sponsoring Dr. L. Bartlett's work dealing with a comparative study of tastes and smells in birds. In addition, the zoology staff has been a regular contributor to various periodicals concerned with zoology and related fields. Within Clark Hall, members of the Botany Department are also engaged in research and development projects. Dr. Bigelow has obtained funds in order to make a preliminary investigation of the fungi of Massachusetts. Professors Gentile and Shuster have received University of Massachusetts Teachers grants for further study. The former of the organic acid metabolism of rumex virus tumors and the latter for the study of hepaticae of Eastern North America.

The Entomology Department may be unfamiliar to many students but the work being done there should be of interest because it concerns us. In this school year alone nearly \$17,000 worth of grants have been given to this department. Some of the projects are: a taxonomy of the Plecoptera of the Eastern Seaboard region, a study of the distribution of the crane flies of the Western United States and Canada, and the Control of Tree and Shrub insects by Chemotherapy.

Practical scientific aid to humanity is only one goal of effective research work; another important goal should be the enlightenment of the individual and his problems. Why are these so necessary? They are useful for the purpose of an all-around education, for the promotion of better understanding among individuals, and for the practical application of new theories to life itself. The work done by those departments whose interests lie in the fields of social science, humanities and the arts, affects these three purposes.

The fields of sociology are unique in that the six are regarded by some as arts and by others as sciences. Much of the work being done in the Psychology Department is being sponsored by the National Institute of Health — among those working under grants from this organization are Dr. Kates, Dr. Feldman, Dr. Epstein, and Dr. Myers. Their work ranges from efforts to discover the influence of drive strength upon apperception, to determining the error of measurement of the Rorschach and Behn-Rorschach Inkblot Tests. Professor Wendell King of the Sociology Department is working toward finding information concerning the status and role of the aged in the modern family. Dr. Korson is making a study of intergenerational occupational mobility of Japanese University alumni. Grants totaling nearly \$4,000 have been allocated to sociology this school year.

History is more than a story dealing with past events and people; it is a system of facts and ideologies which set the pattern for the future. Five members of the History Department are making studies on their own in an attempt to make past events logical and to present events clearer. Professor Schoeffler of the Economics Department has contributed numerous articles which have appeared in such publications as the "Reviews of Economics and Statistics", "Business Scope" and "Challenge." In addition, he has published a book, *The Failure of Economics: A Diagnostic Study*.

Knowledge of a foreign language is very essential in this era in which the world has been made so much smaller. Knowing another's language helps one to understand his own culture. The Department of Romance Languages is constantly doing research on new material to be used in the language laboratory as well as studies on new texts and courses. Of notable importance are the Russian studies being conducted by Mr. John Beebe.

The Department of Business Administration has been active in releasing articles that can be used in solving problems which are certain to arise in the modern business structure. Professor Lawrence Hackmack has published "Per-

sonnel Managers Discuss Management Manpower Questions" and "The Right Man For the Job." Other members of the department are engaged in studies in the fields of finance and accounting.

The College of Agriculture is also taking an active part in the research "game". Dr. Hankinson is doing work on the relative merits of four measures of a dairy sire's transmitting ability. The Department of Forestry and Wildlife Management has been working to find methods of alleviating the losses of crops, caused by attacks of birds and animals. The members of the Olericulture Department are doing work on the potato and tomato plants. Dr. Colby of the Agronomy Department is doing research on the effects of fertilizer elements and the vigor and persistence of top growth and the development of roots of common turfgrass growth. This department has also published a great number of articles to assist the farmers in the area.

The University Extension Service is an extremely important branch of the University and a great source of research work. Extension agents keep in constant touch with the scientific research being done by the Massachusetts Agricultural Experiment Station and by the United States Department of Agriculture. There are twelve county extension services throughout the Commonwealth; all working for the people of Massachusetts.

The University has come a long way since the days in which the livestock outnumbered the students. The subjects of research are almost endless, but they are being taken by the faculty and are being projected into written and tangible form for the benefit of humanity. There was made available to this institution in September over \$440,000 for work to be done during the school year 1958-59. This figure is out of date already for new grants are being given regularly. If we are, at any time, unable to comprehend all that is happening in regards to these projects, at least let us appreciate those who are doing it. For it is these people who are making the world of the future, the very near future to be sure, a healthy and more satisfying place to live.

#### PROVOST McCUNE

One of the most prominent men in the administration is the Provost, Shannon McCune. In addition to his functions as Provost of the University, Dr. McCune has also published articles on the subject of life in Korea. During the past year such articles have appeared in *The Korea Times* and *Korean Survey*. Dr. McCune, who was himself born in Korea, is considered an expert on the contemporary history and problems of Korea. Our Provost is a well-known individual on campus and is easily recognized by his jaunty air and his pipe.

## PLACEMENT

Director of the Placement Service at the University is Emory E. Grayson. He is in charge of required placement training and student loan.

Robert J. Morrissey handles placement for male seniors and alumni for business and industry; scientific, technical and general professional fields, as well as campus employment. Handling the men in teacher placement, summer employment, and activities of veterans is George C. Emery. Mrs. Carol Burr Cornish handles all phases of placement for women, including campus work, summer jobs, and senior and alumnae placement. Many hundreds of graduates have found satisfying employment, thanks to the efforts of these people.

STUDENT LIFE

# UMIELAND'S FOUR SEASONS

Summer is, for most of us, the brief period of the year when all thoughts are turned away from classes, textbooks, and labs. The halls of learning are silent except for the echo of the occasional footsteps of those few students and faculty that remain through the warm summer months. The class of 1958 has gone. The construction of new buildings continues. The fire of activity is kept alive by the presence of various conventions and the weekend freshmen orientation and testing programs.

September finds the student body returning to the campus; first the members of the football team, then freshmen and upperclassmen. Beanies and bibs become the order of the day for many new arrivals. The campus is flooded; organizations begin to function and campus activities are planned. Students now find themselves drawn to Alumni Field on brisk Saturday afternoons to cheer them home to victory. In the fall, fraternities begin the tedious, but often humorous, task of preparing for the interfraternity sing and skit competition which are always well appreciated by the student body . . . As the days grow colder and become shorter, basketball becomes the center of our sports attractions. Still the construction goes on.

Winter brings the winds and snow. Many familiar landmarks are buried under a blanket of white. However, activities do not suffer. During the day, students find the college pond attractive for some tension-easing skating. Before long, Christmas vacation becomes the object toward which the eyes of all are turned. But a few are rapidly realizing the awful truth that finals will occur a mere two weeks after those wild New Year's Eve parties. Finals arrive. Minds are turned away from thoughts of all else. Words like "hatch", "movie", and "party" are replaced with words like "multiple choice", "grade", and "scale". With the end of finals there is a mass exodus from the campus. The face of the student body has been slightly altered by this semester break. In place of those who have not returned are new, but soon to be familiar, people. The beautiful winter scenery is utilized as a background for the Winter Carnival Weekend. Snow and color are the building materials of the Junior class who, with skill and imagination, attempt to surpass the previous year's Carnival. Each year brings new and exciting innovations into use. With few exceptions, all activity, athletic, social, and organizational, are confined to the indoors.

Spring at Umieland has always been a period in which the campus, as well as nature, have broken through their winter shell. Baseball and track come into the sports spotlight. The culmination of all fraternity and sorority activity is reached when the annual Greek Ball is held. We are constantly reminded that the University is growing rapidly when April showers bring things other than flowers. But the warm weather makes everything seem right. Various social groups, in an attempt to make use of the remaining school days hold formals, picnics, and outdoor get-togethers. R.O.T.C. cadets find that only a two-hour spring review prevents them from returning their uniform to its resting place in the stables. All at once, finals are here again. To most it will seem like only yesterday that they completed the last set of finals. After this ordeal, only a week remains before the senior class will receive their diplomas and obtain their long awaited goal . . . GRADUATION . . . For the rest, a time of retirement has arrived. Summer school is now the prospect for a few members of the staff and some students. Meanwhile, the sound of new construction goes on.

All right already, will ya leggo of my hand.

"All 8 o'clocks!"

I never thought I'd see the day.

... and at 3 o'clock, I can go to the Hatch.

Let's see, that's a 1.8.

Now, if I can change my 4 o'clock Friday to —

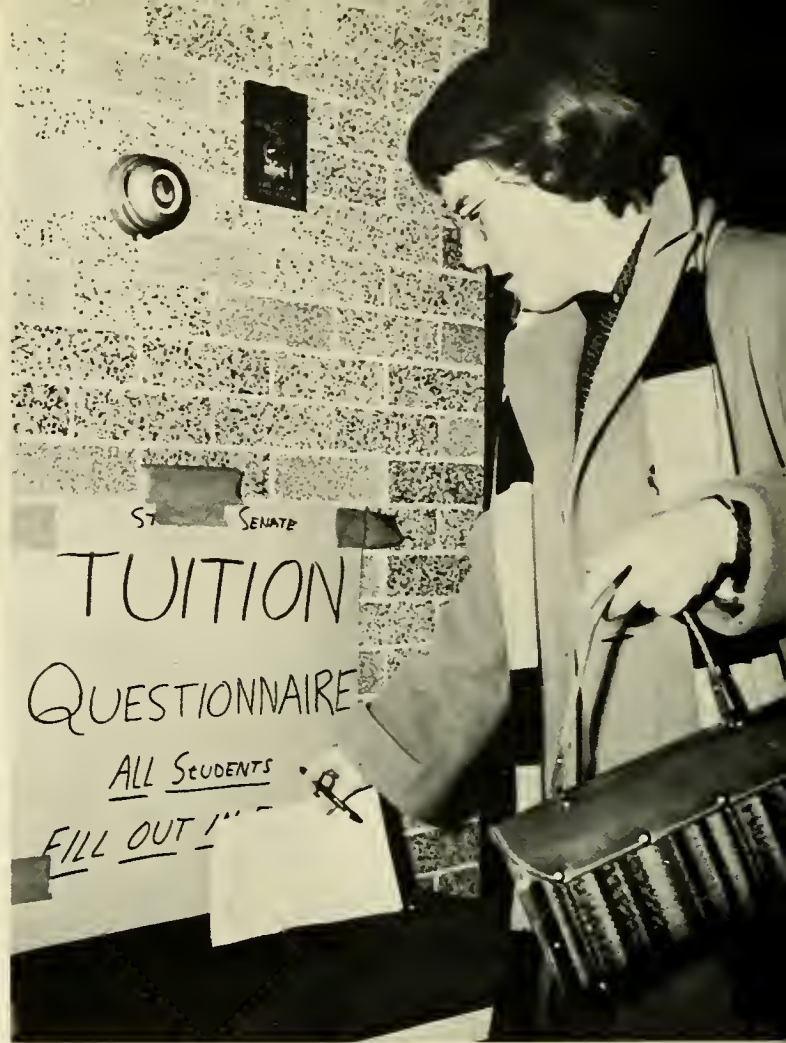

That's right, Fudnick — F-U-D-N-I-C-K.

Need some contact lenses?

You're darn right; it's too much money!

Oh, how we just love registration!

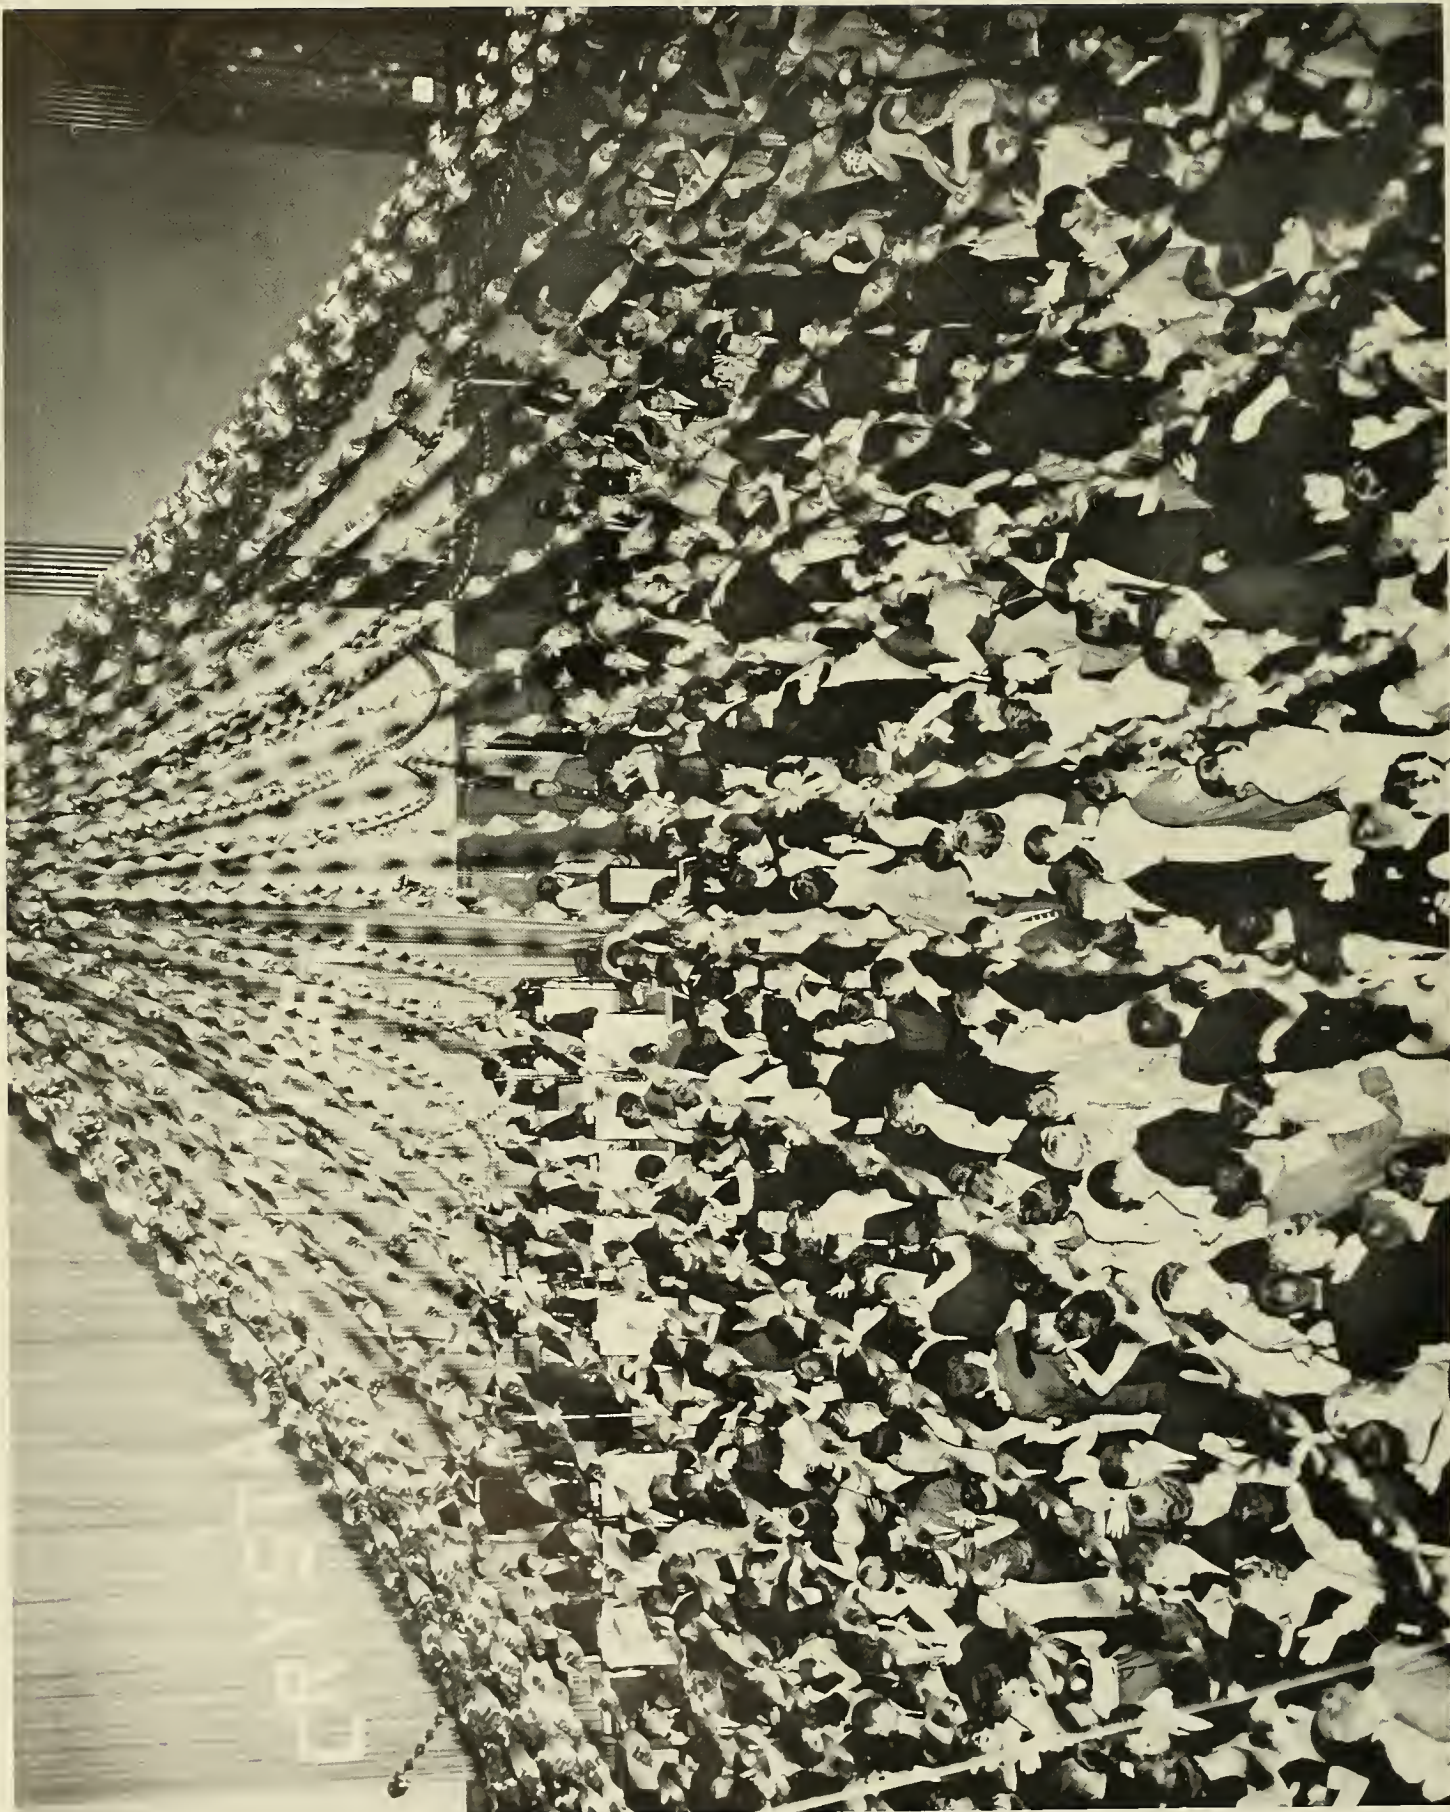

Heard you were in town, Red.

Whadaya mean — no more Draper stickers!

Sorry, you'll have to turn the book.

The Queen and her Court.

"Somers' Time."

Have you seen my gardens yet?

Where did I leave that damn razor!

What's so interesting, boys?

The Queen and the King.

Oh — you hot ticket, you!

I'll give you two blue tickets for one red.

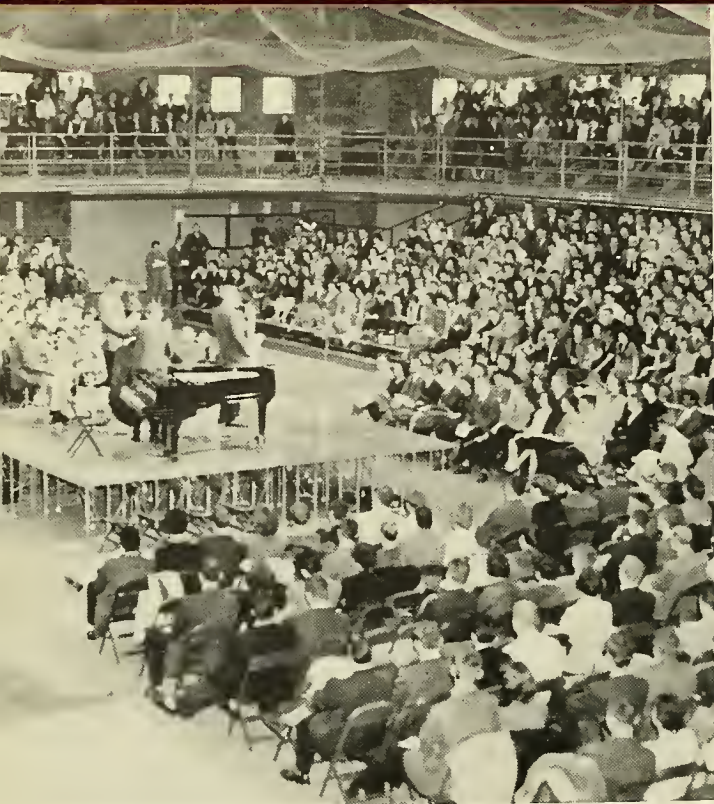

Mush be a Jantzen!

A beautiful creation . . . the dress is nice too!

"Blow, man, blow!"

Can't tell the musicians without a program.

Say . . . listen!

"Take me to your leader."

It's a "Who am I!"

I loves ma babee . . .

"Come in," said the spider to the fly.

"Oh, yeah!"

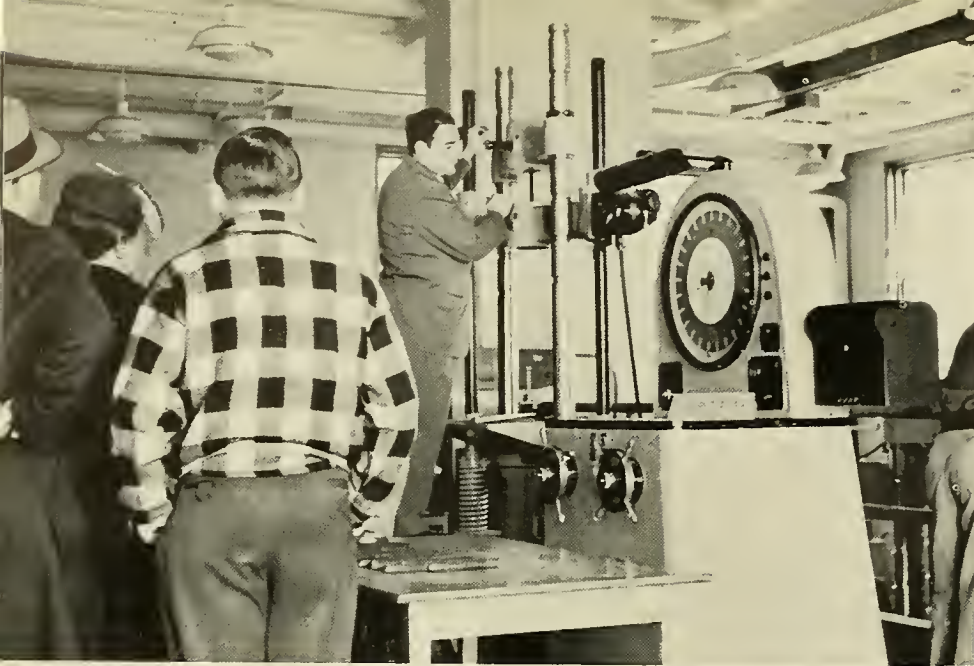

It's not that we don't like The Commons . . .

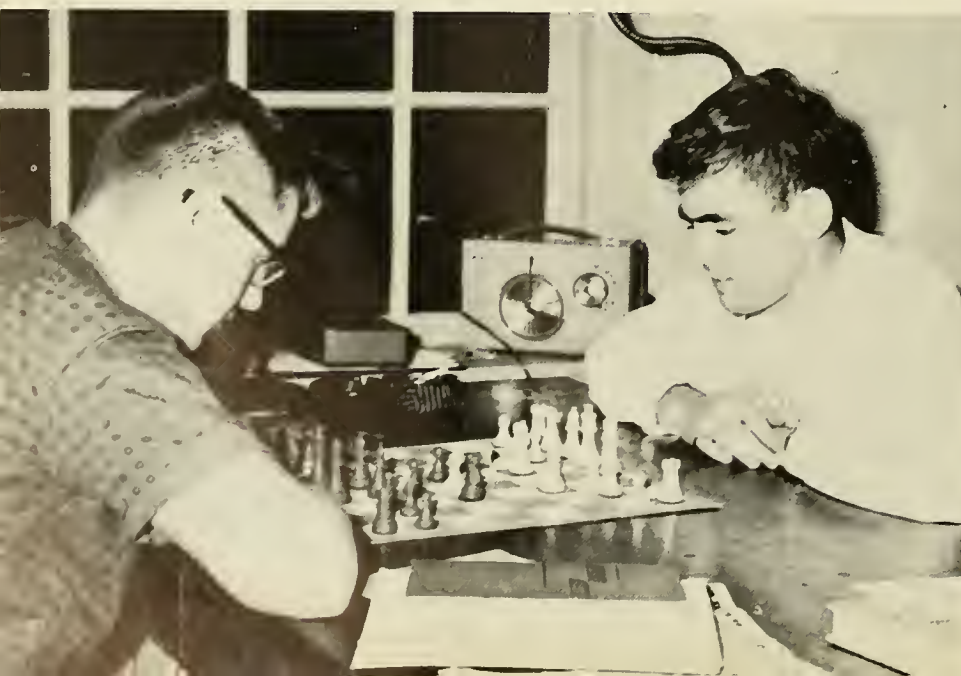

Are you going to the Senate formal?

Positively no be-bop!

Who says we don't work in college?

Whom do you like in the 7th?

Flight to Africa leaves in 10 minutes.

I can't see a thing.

"The meeting will come to order."

No, you don't pay us to work on the INDEX.

Her cup runneth over.

"Now, cut that out!"

And they call US dirty.

Where's my eraser?

It came from beneath the sea.

Push-Pull; click-click.

What do you mean "Uncle Sam needs ME"?

Dinner?

Yeah! But you're sitting on it!

Gastronomic Apathy

Come on in, the beer's fine.

Just wait til I get him!!

How'd you like to be a KKG?

Sig Eps entertain.

Name? Hometown? Major? Nuts!!

What torch?

Say, Chief?

Me — a senior?

Guess what we just *done*!

There I was, flying over Rome . . .

Take it off! It's warm in here!

ZAP, you're . . .

"Have you seen . . ."

"Say when"

All my own.

Have you given to the heart fund?

The placement office said . . . .

"Look, Maw! No cavities!"

This Physiology course is easy.

What if it stalls?

A genetic revival of religion!

Who's blowing their own horn?

Whatcha doin', Jimmy?

In the village . . .

And in this corner!

Whatsa matter? Don'tcha like pipes?

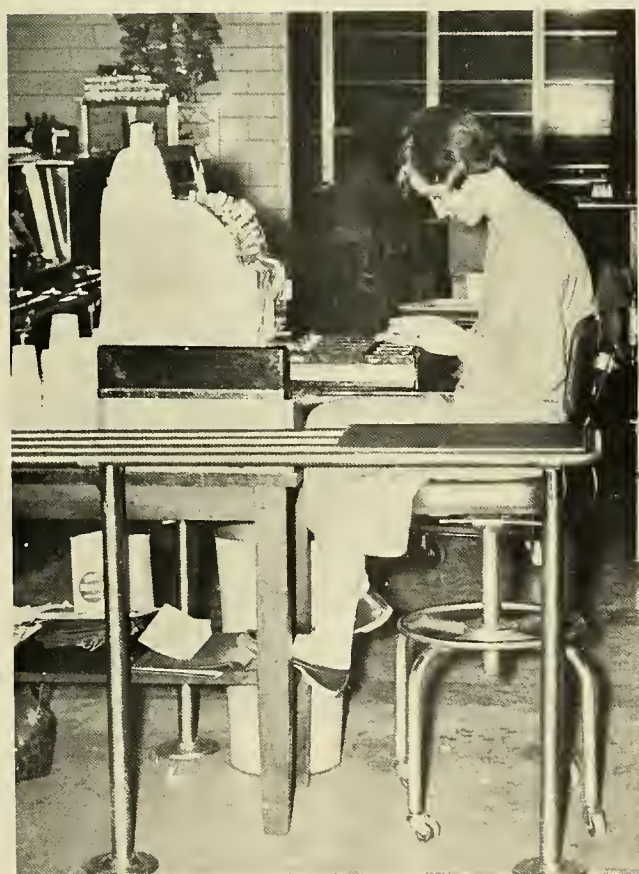

I did it, and I'm glad!

Peanut butter sandwiches!

One for you, one for me . . .

"Yeah!!"

Just dropped in to see the Hatch again.

With straws — no less!!

Close knit group!

Progress and expansion!

It's all form!

## BASEBALL

The 1958 University of Massachusetts baseball team led by captain Joe Spadafora fought their way through a tough schedule winning 7 games while dropping 11. Whereas the record could be better, statistics have a tendency to be brutal and do not show the real potential of this club.

The team started on its winning way against Lafayette and Duke after losing the opener to Wake Forest. The next three games were heartbreakers, all being lost by the margin of one run. The club came back to win over Maine only to lose the next two games to strong Springfield and Amherst College teams. The Redmen rebounded to win their next two games, beating the University of New Hampshire and the University of Rhode Island by decisive scores.

Things were looking up for the team, however, fate appeared to be against them as again they were edged by the margin of one run in their next three games.

The UMass nine then broke once more into the win column against Rhode Island again proving their superiority over that club and after a loss to Trinity they trounced the New Hampshire Wildcats, 12-4.

The Redmen closed out the season with their sixth heartbreaking one-run loss, this time to their crosstown opponents, Amherst College.

Despite their record, the team showed great spirit, determination and was a credit to the University.

## CROSS COUNTRY

The Cross Country team opened up their season with a well-deserved victory over three of the top teams in New England, Maine, Northeastern, and Springfield College. After losing their next meet to Union College, the harriers were barely defeated by UConn in a tight match 26-29.

The Harvard team proved to be far superior in UMass's next outing, but the spirited runners ran away with second place in the Yankee Conference meet. They entered the New Englands, with two more victories under their belt — beating Springfield College and then New Hampshire. They ended the season by finishing fourth in the New Englands.

## SOCCER

The "booters" had a full season this year playing nine New England teams. They were squeezed out by Williams and Tufts Colleges by tight scores of 2-1 and 3-2 respectively. In another close game the soccer team edged out a one-to-nothing victory over Coast Guard Academy. They pounded W.P.I. by a score of 4-0, and they beat Clark by the same score. The smooth operating teams from Amherst College and the University of Connecticut kicked the stuffing out of the ball and UMass by scores of eight-to-one for both games.

Springfield College was a tighter game, but the team was never able to come from behind, and the end of the game saw a 4-1 defeat for the hard-pressed team. Trinity turned on the steam, scoring in every period, and despite excellent defensive play by the booters, Springfield emerged triumphant by the decisive score of 8-2. Although the team ended up with a .333 kicking average — losing six and winning three —, a bit of luck at the right time would have changed the endings of quite a few games. Just wait till next year!

## VARSITY FOOTBALL

"How mighty doth the fumble be," or something like that was an adage stated many years before the first football game was ever played, and it seemed to be the word as far as the 1958 football season went. Time and time again, a key Massachusetts drive was halted by a fumble.

Coach O'Rourke's forces opened the year by fumbling its way to a 19-6 defeat at the hands of Maine. The following week, Boston University came up to UMieland along with a torrential rainstorm and beat a hard fighting UMass team 28-14. At Brandeis, however, the Redmen were not to be denied, and crashed into the victory column with full force thumping the Judges 36-14. Billy Reynolds, with three touchdowns, Jack Conway, Buzz Richardson and Armand Sabourin paced the Redmen romp.

Connecticut made the Homecoming football game a dismal one by returning home to Storrs with a 28-14 win despite the great performances of Richardson, Dave Swepson, and Bill Goodwin. Old-man fumble hit UMass once again at Rhode Island as the Redmen bowed 22-8. Bob Foote and Gerry Walls shone in defeat.

The boys from UMieland then ran into a stone wall in the front line of Northeastern and were bested 12-0.

After a week's break, the Redmen traveled to Delaware to meet the powerful Blue Hens. Richardson, Walls, Conway, Tom Delnickas, and Lou Varrichione led the attack which gave Delaware a scare before the Blue Hens won out 28-14. The Redmen closed out their season by halting a New Hampshire extra point attempt in the waning seconds of the game to take a 25-24 victory. Conway threw a touchdown pass to Delnickas to open up the UMass scoring, while Billy Maxwell hit Jim Hickman and Harry Williford for the next two touchdowns and Big Buzz slammed over for the final six points. However, it was Walls' place kick in the third period that provided the margin of victory.

Next year with only two backs and four linemen graduating, and several freshmen with great potential moving up to the varsity, UMass should hit the win column with a little bit more consistency.

## FRESHMAN FOOTBALL

The freshman football team under Coach Reebenacker ended up with a 2 to 3 record, but was much stronger than the record indicated.

The frosh suffered from a lack of time and preparation when they ran into a strong Connecticut team and were routed, 48-0. The Little Redmen snapped out of it though in the Springfield game winning 12-8 on a late touchdown by Mike Salem. Dick Adley also paced the win. The frosh then ran into powerful Boston University and Brown in succession and gave outstanding performances before losing 19-0 and 22-14 in two really hard-fought games.

The team broke out from behind that ever-hovering cloud and showed the potential that the UMies had been waiting for all year as they belted the New Hampshire Freshmen in the season finale, 22-0. Don Fermano, with two touchdowns, one a 98-yard sprint, Dave Harrington, John Kozaka, Dave Sohles, Dick Eger, and Jim Frary all shone in the Redmen romp and should shine next year on the varsity.

*Front Row: left to right, Harris, Graves, Costas, Stowell. Second Row: Drapeau, Allaire, Murphy, Kielty, Masserelli. Third Row: Coach Douglas, Crevo, Noddin, Pireault.*

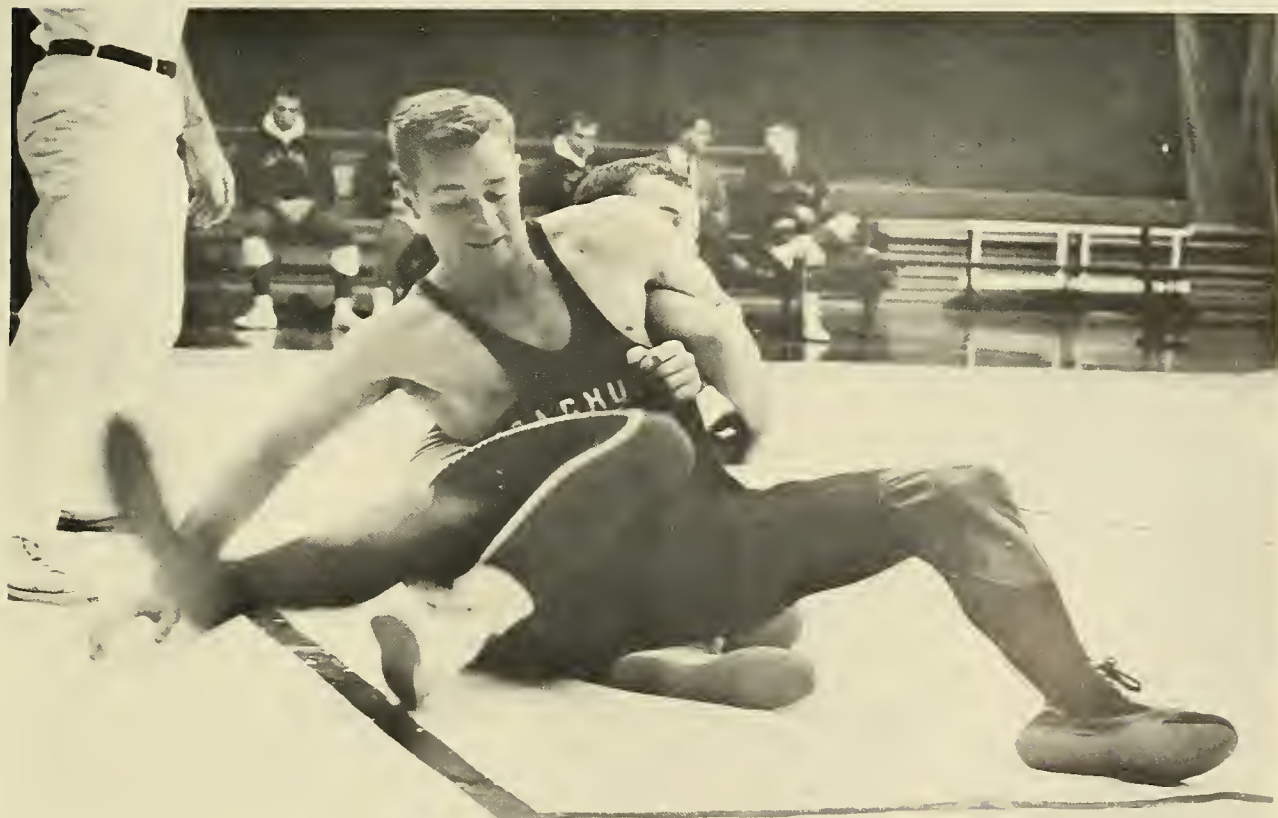

## WRESTLING

Despite the expert wrestling of Phil Stowell and Bill Harris, the UMass wrestling team started off with a poor record, losing to M.I.T., Coast Guard Academy, Williams, Wesleyan, and Dartmouth. The losing record does not truly tell the story, as the team was usually shaded by a few points in the losing matches. Pete Noddin, not a heavyweight, did a fine job in holding up the heavy division, but he was usually outclassed. The team could have used "Buzzy" Richardson in that weight class, but he had already graduated. Not to be dejected by their opening losses, the team trampled Worcester Polytech Institute, winning every match. They next lost to Tufts, but came back with a 29-3 win over the mighty UConn team. The best bet for the future New Englanders are Bill Harris and Phil Stowell.

## HOCKEY

Prospects for a good season seemed bright at the beginning of the winter, but the puckmen opened the season by losing to a powerful UNH team. After this game, injuries and misfortune hit the club and they lost some tough games during the season. A mid-season flurry of wins highlighted the hustle of a scrappy Redmen six which perhaps played its best game when it lost to Tufts at the Harvard rink in Boston.

With linemates Dick Pennell and captain Ray Flynn, the only seniors on the squad, next year's team looks like the best in years with the sparkling play of this year's sophomores and members of the undefeated freshman team who will definitely bolster the squad.

Fast skating, top-scorer Billy Ryan, with linemates Taylor and Keppe, form the Kid-line and with a year's experience behind, should turn into one of the Redmen's most productive trio of lamplighters.

Captain-elect Kelley and Jim Rosenberg form the nucleus of a promising defense corps. Sophomore goalie Bobo Roland played brilliant hockey in the nets and with the strengthened defense in front of him next year he should be quite stingy with the goals. Coach Kosakowski looks for one of his best seasons in 1960.

## BASKETBALL

The varsity basketball team of the University, although not enjoying its best season in recent years, could call the season one of success. A stunning upset in the same week of arch-rival Connecticut in an action-packed overtime contest, and a strong upset over New England powerhouse Boston College, provided many a thrill for the fans of the ever hustling Redmen.

Led all the way by the incomparable Ned Larkin, with strong support by team captain "Bucky" Adamczyk, Doug Grutchfield, and greatly improved back-court ace Leo LeBlanc, the Redmen had their ups and downs, finishing fourth in the Yankee Conference. The success of the team was most certainly a team effort, and much of the credit for this must be attrib-

uted to the desire and know-how of Coach Curran. The loss of Curran could spell some trouble in the near future for the squad, but these are things that only time can iron out. One thing is sure—the University will certainly miss this man who has contributed so very much to Massachusetts basketball.

The season was highlighted by the sensational hustle of Curt Teeter. Fans for many a season will surely miss Curt's tremendous fight and rebounding aggressiveness that he displayed in game after game for the Redmen.

The prospects for next year's team must rest with the shooting of Grutchfield, the play-making of LeBlanc, and the many fine members of the fast and high scoring freshman team of this year.

## INDEX

It would be difficult indeed to write words explaining the work of the *Index* staff during the past year because, at this very moment, you are looking at that work. But the *Index* is not something that appears out of thin air on a fine spring day. The 1959 edition of the *Index* is the culmination of long hours spent by photographers, make-up people, editors and numerous others who, from the moment they arrived on campus in September, began to assume their particular jobs.

Many changes have been made in this year's book in an effort to make it the finest ever published. Many new ideas were brought up, discussed, and analyzed in weekly staff meetings. Only the best were adopted in the hopes that you, the Campus Community, would appreciate them.

The photography staff has kept busy covering all aspects of campus life. Particular notice has been paid to obtaining color shots of the finest quality, as well as candid and formal black and white pictures of every day life. We think this goal has been accomplished.

A difficult problem that had to be surmounted was that of finding a suitable theme. It was decided that the best would be the one that evolved around you, you, and you. That is to say, a theme depicting the different types of people here at the University. The *Index* has been a full time job for many of us; its completion is our reward and our gift to you.

## COLLEGIAN

"Never in the annals of our University newspaper have we ever had the coverage across the entire campus that the *Collegian* has had this past year and never have we published as many issues or as many pages as in this past year." This statement by a past *Collegian* editor explains the accomplishments of the *Collegian*, the best known publication on campus. During the year, the working staff of the *Collegian* numbered nearly 100 students, the largest in its history.

The *Collegian* joined the Associated Collegiate Press and won third honors out of six classes in its first competition with 1800 other colleges and universities across the nation. In fulfilling its goal of being the University's free and responsible press, the *Collegian* has, and is, doing an excellent job. In addition, it is providing a vehicle for the expression of all students and faculty as well as an outlet for the students interested in acquiring skills in the field of journalism.

## HANDBOOK

The Handbook serves as a "student Bible" for everyone at the University. It is the official directory of student and administrative information, serving as a reference for student rules and regulations, campus activities, academic calendar, and University organizations. In addition to serving as an orientation manual for freshmen, it is aimed to provide for all the students answers to most questions concerning campus names, places, and procedure.

## YA-HOO

*Ya-hoo*, the campus humor magazine, prints articles, stories, and cartoons dealing with the varied life of the campus. Most of the material is contributed by the staff members, but students are encouraged to submit material for publication.

The *Ya-hoo* staff tries to give the students relief in laughter and has succeeded very well. It has provided the student body with light entertaining reading.

*First Row: left to right, D. Hemenway, S. Langwa, T. Latham, R. Prentiss. Second Row: left to right, M. Whithed, P. Munroe, D. Croteau, J. Wolfson.*

## QUARTERLY

This magazine, published four times yearly, stimulates various forms of creative expression in the student body, including prose, poetry, and art. Any member of the student body may submit work to the publication and each year a contest is conducted to find the best production in each of the three phases of literature.

This year, the *Quarterly* has begun a search for a new name and, if all goes well, it will be going to press under a different heading in the near future.

## MORTAR BOARD

Mortar Board, the senior women's honorary society, exists to foster school traditions, to promote worthy scholarship, and to provide service to the University.

Its members are chosen from the junior class each spring. They are tapped in recognition of high scholarship, faithful service, and outstanding leadership. The services which Mortar Board renders are many and varied. In order to help freshmen adjust to campus life, panel discussions are offered in freshmen dormitories. During the fall, they work with Adelphia on rallies, dances, and Homecoming activities.

In April, Mortar Board sponsors a highly successful Fine Arts Festival. Each year Mortar Board awards a scholarship to a junior girl at the Honors Convocation.

Throughout the year, Mortar Board strives to stimulate and develop a finer type of college woman.

*Front Row: left to right, E. McManus, R. Betts, R. Myers, M. Donovan. Back Row: left to right, D. Gagnon, R. Murphy, J. Kominski, R. Dallmeyer, F. Guiliano.*

## ADELPHIA

The oldest honorary society on campus has again completed another successful year of service to its University and to the principles for which it stands.

Adelphia was founded on campus in the year 1915 and from that time onward has dedicated itself to the interests of its alma mater, and to the recognition of junior and senior men who have proven their worth, value, and dedication to their University.

Each spring at the All-University Honors Convocation, nine junior men are tapped and thus chosen to wear the red jacket on which are emblazoned the Greek letters Adelphia, meaning Brothers. Ten senior men are also tapped for having exhibited, during their senior year, those qualities demanded by the organization which portray the proper attitude and goals necessary, not only for a finer college life, but a finer future life as well.

## SCROLLS

The sophomore women's honor society is chosen each year and tapped at Honor's Convocation. The purpose of Scrolls has become more ambiguous with the changes in freshman procedures, but the society has acted as an aid to freshmen during the period of orientation. Because of the increase in enrollment, Scrolls has had to expand not only its membership, but its activities as well, and with the coming years, there will be seen a well defined outline of their many functions.

*First Row: left to right, R. Mushkin, F. Keppe, P. Grandchamp, J. Earley, President; A. Sgan, T. Caldwell, M. Thomson. Second Row: left to right, P. Harris, R. Powers, P. Smith, M. Chretien, E. ## THE MAROON KEY

Maroon Key is the honorary service organization of sophomore men which recognizes potential qualities of leadership in twenty-five men from the freshman class. The Key co-sponsors the orientation program of freshmen with the Scrolls, acts as host for all visiting athletic teams and stands ready throughout the year to assist in programs in all phases of student life.

This year the Key has been active in various programs. The Key built the bonfires which ended the football rallies and constructed a rocket which launched off the Campus Chest drive for '57-'58. To further carry out their effort to provide a program for the freshmen, the Key and Scrolls held their annual freshman dance this year called "Football Frolic".

*First Row:* P. Blair, K. DeGrasse, K. Donovan, Treasurer; H. Lane, Vice President; R. Zelis, President; D. Glidden, Secretary; J. Madden, E. Morse, J. Parker. *Second Row:* D. Mraz, F. O'Donnell, P. ## STUDENT SENATE

The Student Senate ranks as one of the leading student campus organizations. It is dedicated to promoting the general welfare of the student body.

The senators are a representative body of students selected by their constituents in free democratic elections. Membership is open to any undergraduate in good standing. Senators also serve on many University committees, a fact which enables student-voice to be given on all problems of University concern.

The Senate operates on a committee system which channels particular problems to smaller specialized groups. It has also been active in supporting worthwhile student activities and promoting projects for the betterment of the University community, such as the Campus Blood Drive, International Weekend, and the University Open House which is held in the spring.

Last year the Senate succeeded in obtaining a suitable Identification System. It has also succeeded in better integrating the Student Union into campus life.

The place of student government at the University remains secure and ever ready to expand its horizons to go with the Massachusetts of the future.

## STATESMEN

The Statesmen are one of the more outstanding singing groups gracing our campus. Their harmonious melodies have become a tradition with the UMass. students, having been heard at such functions as the Winter Carnival fashion show. They have done spots on the campuses of Mount Holyoke and Smith Colleges, and have lent their talents to the various functions of fraternities and sororities. Their singing has been enjoyed, also, by many off-campus organizations in the Connecticut Valley area.

## WOMEN'S JUDICIARY

The Women's Judiciary Board is composed of five women students who have been elected by vote of all the women on campus. It interprets and enforces the rules and regulations concerning conduct of women students. Its primary concern is with those cases which are above the jurisdiction of the women's dormitories. As a part of the University's General Court, it is an important unit of student government on this campus. In cases requiring constitutional interpretation, the Women's Judiciary holds a joint session with the Men's Division.

*Front Row: E. Salzberger, D. Kelly. Back Row: G. Bowman, P. Grandchamp, F. Mitchell.*

## MEN'S JUDICIARY

The Men's Division of the University General Court of Justice interprets and enforces regulations concerning the conduct of men students. The Men's and Women's Judiciaries hold joint meetings on decisions which concern constitutional questions rather than on those concerning misconduct of students. The Student Senate co-operates with both groups in making regulations and in setting up rules for meetings of the boards. The members are elected by all men students on campus.

*Front Row: left to right, V. Lasan, R. Capolupo, R. Metz, D. Camp. Back Row: S. Frank, J. Hogan, H. Wilson, D. Robinson, B. Kelly.*

## REVELERS

Revelers is a group of sixteen upperclassmen chosen for the express purpose of promoting and channeling freshman spirit.

Early in the year they sponsor an Activities Night during which time the freshmen may learn about and become members of the various organizations of campus. They then put on the Frosh Picnic which is the last function the freshmen attend in that capacity.

In addition to these annual activities, this year's Revelers joined with Adelphia to produce "Campus Varieties."

*Back Row: left to right, V. Rochette, J. Earley, S. Day. Front Row: left to right, P. Bullard, Co-Chairman; R. Alman, Co-Chairman; P. Martin, F. O'Donnell.*

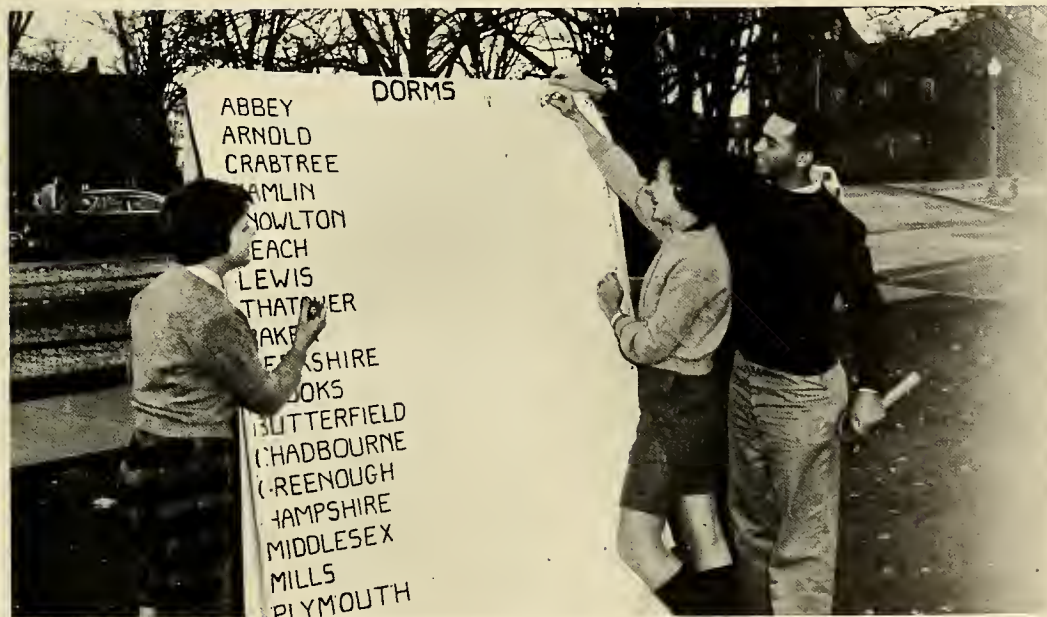

## CAMPUS CHEST

"Dig Deep in your Pocket — Ignite the Campus Chest Rocket" was the slogan of this year's Campus Chest Drive. Many students did just this and as a result, over \$2000 was collected.

This year the contributions were given to six organizations: World University Service, Save the Children Federation, National Scholarship Service, Fund for Negro Students, Jimmy Fund, Hokkaido University, and the S.O.S. Scholarship.

A new feature was added to our drive this year — the selection of "Miss Campus Chest". Five of the loveliest boys on campus were finalists, and the votes were money contributions to the fund.

Our thanks go to the students, faculty, and administration who made the drive a tremendous success.

"I can't reach it, Dick."

Aimed high.

## ALPHA PHI OMEGA

Kappa Omicron chapter of Alpha Phi Omega is an extremely active group dedicated to the performance of useful service to our campus and the community.

Among their many services are: Freshman Testing Program, Playday, University Open House, and Campus Chest. Through their Books-for-Asia drive and the U.M.O.C. contest, they obtain donations for worthy causes.

The men in this fraternity contribute an invaluable service to the University by their spirit of dedication and their dependability.

*Back Row: left to right, J. Sweeney, M. Whithed, J. Daly, R. Haskins, W. Leary, J. Crasco. Front Row: left to right, V. Gagnon, Manager; F. O'Donnell, Secretary; Mr. J. Savereid, Advisor; D. DiMattia, President; D. MacQuarrie.*

## DEBATING SOCIETY

The purpose of the Debating Society is to promote intercollegiate and intramural debating, and to sponsor lectures and panel discussions dealing with the current national debate topics.

The 1958-59 program started with a coffee hour for all interested freshmen. On October 15, a panel discussion on nuclear disarmament was held, and on October 23, James Avery Joyce, British Liberal, spoke on nuclear disarmament.

An intramural debate program is open to all undergraduates not debating on the intercollegiate level. The intercollegiate debates program includes tournaments with Vermont, Tufts, St. Anselms, Wesleyan, Boston University, Dartmouth, and the New England Forensic Conference.

In addition, several non-scheduled single debates were held during the school year.

*First Row:* R. Passolt, B. Anderson, A. Lupo, M. Healey, A. Bello. *Second Row:* M. Lane, D. Mann, W. Lynch, F. Guiliano, S. Paulding.

## STUDENT UNION PLANNING COUNCIL

The council consists of twelve members of the student body, six on the executive committee and six as general committee chairmen. They use four basic principles in presenting programs in the Union: selection, planning, execution, and evaluation. Their purpose is to provide cultural, educational, and recreational programs aimed at the interests of individual students on campus. The work of the council is supervised by a program advisor.

The Arts and Music committee of the Union has provided music hours of jazz, classical, and popular music; extensive art exhibits; and concerts, including the enjoyable "Pillow" Jazz Concert of first semester. The Dance committee features Friday night dances in conjunction with such groups as the International Club, W.M.U.A., and many other groups on campus. They also present the Homecoming Dance and the popular H.E.R. Weekend dance. An integral part

of this committee is the Square Dance club. Games and Tournaments features special interest groups such as chess, billiards, and bowling. It sponsors inter-collegiate competition with other New England schools and co-sponsors the Easter Egg hunt for children of the faculty and married students. Thursday night is movie night, a newly-formed campus tradition. The fare ranges from comedy to the best foreign films available.

Special Events covers all programs from the "My Last Lecture" Series, featuring the faculty giving a lecture as if it were to be their last on campus, to the Apple Polish hour featuring a whole department and the student body, inviting a liberal discussion on any topic. The publicity committee does all the advertising for the Union and is an important link with the whole campus.

*First Row: R. Lentilhon, W. Lynch, M. Saltman, M. Donovan. Second Row: M. Laine, E. Buck, W. Scott.*

## SUG BOARD

The Student Union Governing Board is the policy forming board of the Student Union, whose purpose it is to provide a social, cultural and educational program of services and activities for the University students and the campus community.

The board decides all policies for the use of Union facilities and reviews Union programming to assure its adequacy. In addition to these duties, the board chooses the executive board members from nominations of the outgoing board.

*Front Row: C. Crimmins, Fr. David Power, J. Crocetta. Back Row: E. Bradley, B. McCormick, B. Burke.*

## NEWMAN CLUB

The Newman Club provides for the religious, social, and educational well-being of all Roman Catholic students on this campus, with the guidance of its chaplain, Father David Power. Prominent speakers such as Monsignor Francis Lally of the *Boston Pilot*, Father Andrew O'Reilly of New York University, and Father James O'Brien, the National Chaplain from the University of Connecticut, gave inspiring talks at the bimonthly meetings.

The club began the year with the annual outing which is intended to assist freshmen in becoming acquainted. Included in the program were the closed retreats for men and women, an open retreat on campus in the spring, a Living Rosary at Christmas as part of the holiday services, a Communion Breakfast during Open House Weekend, the First Friday Club, and many other activities.

## HILLEL

In keeping with its ideal of bringing students and religion closer together, Hillel embarked on numerous social and religious activities. Friday night services featuring guest speakers formed the basis of weekly religious activities. During the various religious holidays suitable services were observed with students leading the services.

In connection with their social program, the organization presented bagel and lox breakfasts and Sunday evening "deli" suppers. These were all well attended. Thanks to its fine executive board, Hillel can look back on the past year as a period of accomplishment and look forward to even better things in the future.

## CHRISTIAN ASSOCIATION

The purpose of the CA is to further Christianity on the University level through personal and corporate worship; through study of materials that throw light on Christian faith; through social action growing out of our faith, and through promoting Christian fellowship.

This purpose was fulfilled in the form of general meetings on such universal topics as Christian ethics and death, weekly vespers and a new type of Christmas Vespers service which was based on the modern dance. The Religious Embassy's keynote speaker was John E. Skogland of the Colgate-Rochester Divinity School, who directed CA members toward a deeper understanding of Christian faith. Discussion and study groups, speakers on all phases of Christian life and service groups giving their time to children and adults at the Belchertown State School and at Leeds Hospital were a few of the many projects carried on by the Christian Association.

## CHEERLEADERS

The cheerleaders have done much during the past year to promote student spirit at various athletic events. They are a tremendous asset at the rallies and the Homecoming Float Parade.

Next year they will miss the guidance and coaching of Mr. James Bosco while he is away from the University.

*Front Row: left to right, T. Picard, M. Dewhirst, K. Todd, C. Billings, J. Kalinowski, I. Kowalczyk, M. Withington, A. Beatty, M. Healey, J. Leach, S. Strong, D. Witkoski. ## PRECISIONETTES

The members of the Precisionettes drill team receive training in poise, posture, and precision maneuvers as they provide encouragement for the members of the UMass. football team. The sixty women of the sophomore, junior and senior classes are chosen on a competitive basis for their poise, rhythm and smiles. Under the tutelage of Drillmaster Tom Picard, they present marching maneuvers and precision routines at halftime at all home football games.

## WOMEN'S ATHLETIC ASSOCIATION

The Women's Athletic Association, or W.A.A., is composed of an Executive Board of officers, sport managers, and the Sub-board of dormitory and sorority representatives. Together with the faculty advisors, these girls plan and direct extracurricular sports for all women students at the University. We try to stress participation for all, over too much stress on skill for a few.

The year's program began with Co-Rec Playday for the freshman class, always a favorite memory of the first few days at the University. The fall sports season began with field hockey, the many practices on campus and innumerable playdays with other colleges. Tennis and archery completed the fall program.

November brought indoor sports; this year basketball (with dorms and sorority competition) and a new addition, gymnastics. The annual inter-dorm and sorority swim meet offers competition to all the aquatics enthusiasts. Second semester brings badminton, volley ball, bowling and dorm and sorority competition in all three. Spring comes at last with softball (and competition!), archery, and tennis. Free swims are very popular, being held three days a week all year long.

With the opening in September of the new Women's Physical Education Building, we were able to start Co-Rec Sports Nights every Friday evening. These have been very successful and a great deal of fun for everybody, especially with badminton and swimming. With our new facilities, we're hoping to enlarge our program with a sport for everyone.

## NAIADS

## BAY STATE RIFLES

The Bay State Rifles, the "Pride of The Corps", is the drill team sponsored by the Army Reserve Officers Training Corps. It is an extension of the regular R.O.T.C. program and appeals to those students who have more of an interest than the average student in the army program. The Bay State Rifles affords an excellent vehicle for young cadets to improve their skill in leadership, drill, and command capabilities.

The drill team this year has a full program consisting of the Homecoming Parade at the University, the Veterans' Day Parade in Springfield, the open house performance at the University, the Saint Patrick's Day Parade in Holyoke, the Armed Forces Day Parade in Amherst, and other special events on and off campus. Besides these appearances, the Bay State Rifles will appear in the annual drill competition in Boston with all the other Army R.O.T.C. drill teams from Massachusetts.

## THE FLYING REDMEN

The "Flying Redmen" is the Air Force R.O.T.C. drill team, presently composed of some 35 members from the sophomore and freshman classes.

Membership is voluntary with the competition team members being chosen on the basis of drill proficiency.

The "Flying Redmen" are currently New England Inter-collegiate R.O.T.C. drill champions, having won this title five years in succession. The team has won some four cups and several plaques in local and national competition. In addition to being New England Champions for the past five years, the "Flying Redmen" won second-place honors in the Air Force National R.O.T.C. drill championships held last year in Washington, D. C.

The drill-instructor of the team is Master-sergeant Mark Brenzo; Captain Leon K. Pfeiffer is the commissioned officer in charge, and drill-commander is cadet 1st Lieutenant Allan Wolff from Springfield.

## WMUA

Broadcasting Association of the University of Massachusetts  
Radio Station WMUA

WMUA is the student-operated radio voice of the campus, broadcasting on 91.1 megacycles. The station provides opportunities for experience in the technical and production fields of radio broadcasting, disseminating educational and recreational programs to the campus and the surrounding communities. Membership is open to all University students on a competitive basis. Broadcasting over fifty hours a week, WMUA brings to its listeners all types of music, campus and world news, home and away athletic contests, live shows and commentaries, and special events.

*Front Row: C. Tucker, N. Constan, B. Feinman. Back Row: M. Cook, P. Munroe, G. Elliott.*

## CONCERT ASSOCIATION

The Concert Association is responsible for the presentation of a series of fine concerts each year for the enjoyment and education of the University community and the general public.

It is the hope of the Association that, as an unobtrusive part of an evening's entertainment, each concert will educate the student body to an appreciation of new forms of music, and higher standards of performance and interpretation. Toward this end, the Association this year has presented a double series: four chamber music concerts in Bowker Auditorium, and a more eclectic series, of wider appeal, in the Physical Education Cages.

The latter series has comprised Herb Pomeroy's Jazz Orchestra, Bambi Lynn and Rod Alexander's Dance Jubilee, The Columbus Boys' Choir, the Boston Pops Orchestra, and Whittemore and Lowe — duo-pianists.

Preparing for another great performance.

## UNIVERSITY SINGERS

The University Singers, directed by Dr. John R. King of the Music Department, is the largest chorus on campus. The greatest part of the membership of the group, and all its officers, are chosen from the student body, but it has been possible this year to open membership to interested student wives, faculty and their wives, and townspeople. This is another step in closer University-Amherst relations.

Featuring a Christmas concert this year, the Singers hope to enlarge their schedule to include a number of concerts with varied programs, eventually working up to major works such as Bach's *Cantatas* and Haydn's *Creation*.

## CHORALE

The Chorale consists of forty students carefully selected for their musical and singing ability. In addition to concerts performed on campus and for the local community, each spring the Chorale tours Eastern Massachusetts performing for high school assemblies under the auspices of local civic groups.

Under the direction of Dr. John King, the group specializes in light classical and folk music. Membership is open to all qualified undergraduates of the University.

# ROISTER DOISTERS

The Roister Doisters, the campus dramatic group, again had a very active year. This year's fall production was "Inherit the Wind." The spring production was "Time Remembered". This year's successes were additions to the numerous successes that have been a trademark of this organization since its conception many years ago.

Credit for the productions of Roister Doisters cannot be given to one person for it has been the combined efforts of a large group that have made success possible. A prominent role has been played by Mr. Henry Pierce who has directed both plays, and Mr. Robert Williams, the technical director. Roister Doisters are proud of the reputation that they have earned for their efforts. They deserve that reputation.

## OPERETTA GUILD

The Operetta Guild is the musical theatre group on campus which presents a musical play or comedy each year. This production provides opportunities for all the varied experiences connected with professional musical companies. From the performers and members of the staging and business staff, competent students are selected for membership in the Operetta Guild — the perpetuating organization which enlists musical and staging talents from the entire student body.

## CAMPUS VARIETIES

Campus Variety is an annual show sponsored by Adelpia and the Revelers. This year's production was *Boola Boola Bull*, depicting life on a college campus where marriage among the professors is strongly encouraged by the president. The cast did a tremendous performance once again. All who saw it enjoyed it immensely.

## CONCERT BAND

The purpose of the Concert Band is to afford qualified instrumentalists an opportunity to learn distinctive band literature, to encourage the development of wind and percussion instrument playing, and to prepare programs for campus and off-campus performances.

The Concert Band started its season earlier this year, with a concert in Bowker on December 5, 1958. A *Christmas Festival* by Leroy Anderson and Handel's *Water Music Suite* highlighted the program. During the Annual Spring Tour, March 20-24, 1959, evening and high school assembly concerts were presented throughout Massachusetts.

Two campus concerts were presented in the spring. On April 5, an Arts Festival Concert was given in the Student Union, and the Pops Concert was performed on the Student Union Terrace on May 17. Concerts in nearby towns were also given during the season.

## REDMEN MARCHING BAND

The Redmen Marching Band stresses precision maneuvers and effective modern musical arrangements. Its members receive an intensive training in fine music and in maintaining precision in marching. This year they featured the twirling of Sylvia Finos, Sandy Richie, and Sheila Silverman.

The featured appearances of the band are during the fall at all football games. It also appears at other functions on and off campus, in keeping with its main characteristics as a marching band.

## INTER-FRATERNITY COUNCIL

The Inter-fraternity Council started the year off with its annual workshop held each year before classes begin. Its enthusiasm at that time continued throughout the year.

The council sponsored a blood drive in conjunction with the Pan-Hellenic Council, parties for orphans, and collecting for the Heart Fund drive in Amherst. Greek Ball climaxed the activities of the council.

The council ended its full year with the awarding of the annual scholarship at the University Honors Convocation. This scholarship is awarded to a junior who has an average of 2.5 or higher for the previous semester. The Inter-fraternity Council did an excellent job in uniting the fraternities, and its undying spirit proved beneficial to the campus.

## PANHELLENIC COUNCIL

The purpose of the Panhellenic Council is to promote understanding and co-operation among the sororities. Two representatives from each sorority constitute the membership of the Council. This year "Pan-Hel" published a booklet for the freshmen, explaining sororities and the rushing program. It also held teas for the freshmen during the summer as well as one on campus.

## ALPHA EPSILON PI

The story of Phi Chapter of Alpha Epsilon Pi fraternity is that of a successful effort to exist, to survive, and to grow. It was founded, almost surreptitiously, by a handful of students as a social club, called UEO; it was renamed Delta Phi Alpha in March, 1920; it was officially recognized by the Administration on January 3, 1921; and it was admitted into the Inter-Fraternity Council on the sixth of April in the same year. These are the bare facts. Behind them lies a story of effort, disappointment, renewed effort, and final success.

It was a vigorous, growing group which, in December of 1933, was introduced as Phi Chapter of Alpha Epsilon Pi. The story of Phi Chapter shows a characteristic pattern; the building up of an enviable record in activities and a corresponding collection of cups and other trophies, and the especially significant endeavors of its brothers, both within the house proper and on the campus.

Currently, AEPi is represented on the varsity soccer, wrestling, tennis, and baseball teams. Three sophomores are members of the Maroon Key. Important offices, such as staff editors on the *Collegian* and *Index*, are held by brothers in many campus activities. Phi Chapter is especially proud of having won the IFC award for second place in scholarship last year. There has also been established a sinking fund for a new chapter house to be built in the near future.

In short, Phi Chapter of Alpha Epsilon Pi fraternity has come a long way from the original handful of students to a large fraternity constantly in the spotlight as a source of campus leaders.

No what?

## ALPHA GAMMA RHO

Mu chapter of Alpha Gamma Rho, a national agricultural fraternity, is one of thirty-five active chapters located throughout the country at land grant colleges.

Scholastically Alpha Gamma Rho has been tops. In the past two years it has had the highest quality point average of all the campus fraternities. Several brothers have made Phi Kappa Phi and Alpha Zeta, national honorary fraternities.

At the present time there are twenty AGR's on the University faculty.

The Alpha Gam's have taken part in and given leadership to many campus organizations this year, including the Maroon Key, *Collegian*, Marching Band, Dance Band Judging Teams, 4-H Club, varsity teams, Animal Husbandry Club, Agronomy Club, and many others.

On the social side, Alpha Gam has managed to keep up a vigorous schedule of well planned activities, the Pink Rose Formal, Farmers' Frolics, cocktail parties, informal Saturday night parties, jazz bands, and pizza parties are but a few of the activities which have made this year an outstanding one for Alpha Gamma Rho.

## ALPHA SIGMA PHI

Alpha Sigma Phi is the oldest national fraternity at the University of Massachusetts, having been founded at Yale in 1854. In 1854, before Massachusetts Agricultural College came into existence, Gamma Chapter arose within the walls of Amherst College, and in 1913 transferred its charter to our school. Last fall the fraternity celebrated its forty-fifth anniversary on campus.

Alpha Sig was second among all fraternities in scholarship spring semester last year. The "Old Gal" currently has brothers participating in such diversified activities as Gymnastics, Track, Cross Country, Chorale, Operetta Guild, University Singers, Concert Band, Redmen Band, Swimming, Cheerleaders, WMUA, and the Bay State Rifles. The Social Committee is quite active, as is evident by the large number of house theme parties held throughout each year. Highlights of the spring were the very successful Prohibition and Jazz Parties. Other events planned included the annual House Formal and the yearly House Picnic.

## KAPPA SIGMA

Kappa Sigma at UMass. was established first on campus in 1904 when it became the Gamma Delta chapter of Kappa Sigma.

For many years the house was located on North Pleasant Street near Dalton's Diner. In 1939, the present house was built, and the brothers moved to their new address on Butterfield Terrace. The beautiful building is one of the few houses designed specifically for fraternity living.

Gamma Delta is one of 130 chapters of Kappa Sigma throughout the United States and Canada. At present there are 70 members in the Massachusetts chapter with 38 living in the house.

The Kappa Sigs are noted for their extra-curricular activity. The senior class vice-president and the junior class treasurer are brothers, also the captain of this year's basketball team, president of Adelpia, and members of the Maroon Key. Kappa Sig claims representation in baseball, hockey, wrestling, lacrosse, football and track.

Always somewhere near the top in I.F. competition, Kappa Sig finished in first place last year. To strike a balance with extra-curricular activities, Kappa Sig maintains a respectable scholastic average, last year finishing third in scholarship.

The interests of the brothers are widely diversified. An indication of this is in the number of different major courses pursued by the brothers. There are engineers, math majors, English majors, business majors, education, physical education, journalism, landscape architecture, forestry and pre-med majors.

## LAMBDA CHI ALPHA

Lambda Chi's forty-sixth year on the UMass. campus opened with the big Homecoming weekend. This was followed by many weekend events in the social vein, including the Fall Formal which was held at the Drake Hotel. The holiday season saw the usual house parties, and as in previous years, a Christmas party was held for underprivileged children. The spring semester also got off to a good start with a successful rushing program which was followed by the usual weekend parties and the Spring Formal.

As usual, the varsity football, baseball, swimming, and track teams were aided by the men of LCA. The intramural program also found most of the brothers active in one sport or another.

The graduating brothers of Lambda Chi will be certain to remember their college with happy memories and those who remain behind will be looking forward to seeing them return as alums.

## PHI MU DELTA

This year, as in the past, Phi Mu Delta has had a most successful year. We started the fall semester with our annual homecoming blast and the social season continued with exchange suppers, cocktail and theme parties. In December, we held our annual Christmas party, visiting several old peoples' homes. Our pledge formal at the Jeff was as usual the hit of the season. In May our annual Pago-Pago party, in which the house is transformed into a South Sea island for the weekend, was the talk of the campus. Our house picnic climaxed the year.

The house has been prominent in the field of extra-curricular activities. Phi Mu won honorable mention in the IFC skit competition this year. Our Homecoming float fell apart halfway through the parade as it always has. We have brothers in practically all campus organizations, many of whom hold offices.

We have recently-completed a two-year remodelling program and are very proud of the results.

We anticipate that the year ahead will be as exciting and stimulating as this one has been.

## PHI SIGMA DELTA

This has been a big year for Phi Sigma Delta. We consolidated our position on campus with the purchase of our first house. This event came about after a year and a half as a chartered chapter of the Phi Sigma Delta.

Once in the house the old question of "Where'll we hold our party this week?" went out the window and our social life improved greatly. We had, of course, many parties in the past year and a half, but there is nothing for a fraternity like its own house. Our second annual Damon Runyon Party was held in February, and we feel it has earned its position as a tradition of our chapter.

Our membership has grown, although in February the last of the original members of the old colony graduated. This past year we counted among our members the chief announcer of WMUA, the writer of the Poll Bearer column in the *Collegian*, and members of many campus activities.

Looking back through the last several months we remember such things as time spent putting the house in shape before the start of second semester, our big Winter Carnival weekend and, perhaps most important to us, our experiences living together in a fraternity house for the first time. Also, we recall the good fortune that brought us Mrs. Pennington, our House Mother. A wonderful person, she has been a source of wisdom and has given suggestions for the administration of the house.

"Success" is the word which best describes the accomplishments of Phi Sigma Delta during the past year.

## PHI SIGMA KAPPA

Phi Sigma Kappa fraternity here at the University of Massachusetts is the Alpha chapter, founded in 1873 in the old North College building with all the traditions of campus leaders prevalent then, as now, among the brotherhood. Forty years later the Phi Sigs built their present house at the edge of the campus, the ivy-covered structure now occupying its key position near the center of campus activities.

Alpha Chapter of Phi Sig is noted as an outstanding chapter by the sixty-five other chapters of Phi Sigma Kappa throughout the country. The brothers are active and enthusiastic in fraternity and campus affairs.

The diversified membership of Phi Sig includes brothers holding key positions in the major sports and athletic clubs of the University. The appearance of brothers of Phi Sigma Kappa in several academic honor societies brings out another important characteristic of the house, which is necessary in any student organization. Coincident with these activities, the men of Phi Sig enjoy one of the most complete social calendars on campus each year.

In interfraternity activities Phi Sigma Kappa is consistently prominent. In the fraternity contests held so far this year, Phi Sig has shown ability and talent enough to come in first in the float parade and to place second in the interfraternity football league.

The founding fathers of Phi Sigma Kappa, back at the Massachusetts Agricultural School, would no doubt be proud of the Phi Sigma Kappas as they participate in so many of the functions of this dynamic University in its ever-improving fraternity system.

## Q T V

QTV is unique in the fact that is the only Latin local fraternity in the United States. It is the oldest house on campus being founded on May 12, 1869, two years after what was then Massachusetts Agricultural College opened its doors. At one time the house was a national with six chapters, but shortly after the turn of the century, the parent chapter remained as the QTV. Through the years QTV has remained an important part of this ever-growing campus. QTV celebrated its 90th anniversary this spring with appropriate ceremonies highlighting the momentous occasion.

The house officers this year were all seniors: Ed Moriarty, President; Fred Purches, Vice President; Connie Rousseau, Treasurer; and Hank Tomagno, Secretary.

This year in compliance with the new University regulation, the house acquired the services of a housemother, Mrs. Joanne Bilodeau, who has become an integral part of the fraternity.

In IFC competition QTV has held its own, winning the Homecoming float parade and placing third in the skit competition.

The first Dad's Weekend was held last fall. It was very successful and will become an annual affair.

The brothers of QTV fill a cross section of the various departments of the University and they participate in many extra-curricular activities on campus.

## SIGMA ALPHA EPSILON

After a long and successful term that dated back to the early years of Massachusetts State College, the local Kappa Epsilon decided in 1937 to gain a position in a national fraternity.

It was to the powerful national Sigma Alpha Epsilon that they turned, a national that could boast the largest membership of all fraternities and the second largest number of national chapters. The fusion that resulted in the 110th chapter of SAE has proven to be one of continuing success and fruitfulness.

The record that SAE has established in recent years as a participant in inter-fraternity competition is an admirable one. Since 1952, SAE has twice captured first place and twice second in the final standings. Versatility is the keystone to this success; SAE has constantly placed in athletics, skit, and snow sculpture competition. In recognition of this achievement, the national fraternity recently awarded a trophy to SAE symbolizing its leadership in this field.

Highlights of the social season at SAE are the Winter and Spring formals, and the annual Knurd. These well attended events find conviviality at its highest.

Brothers in SAE can be found in every major campus activity such as Adelphia, Maroon Key, Student Senate, and various Student Union Committees. Several brothers have played leading parts in such outstanding events as Homecoming Weekend and Winter Carnival.

Brothers participate in varsity football, soccer, basketball, hockey, baseball, and lacrosse. The captain and virtually the entire starting hockey team are SAE's. Three times this past season the E and S football award went to an SAE.

Living up to its sparkling heritage is exacting, but with membership growing, the future looks productive and exciting.

## SIGMA PHI EPSILON

Sig-Ep, whose trademark has grown to be its use of red suspenders, has long played a prominent role in activities on campus. The fraternity was founded locally as Sigma Tau Delta in 1911, and became the Massachusetts Alpha Chapter of Sigma Phi Epsilon in 1912. Its growth and development have been due mainly to its well-rounded athletic and social programs as well as its representation in positions of campus leadership.

Sig-Ep's social functions cover as wide a scope as is possible. Some of the annual theme parties are the Tweenie Ball, the Christmas Party, the Hibernian Ball and the fabulous Sweetheart Ball. Each of these weekends was eagerly awaited by the brothers. Jazz parties are featured at various times on the social calendar.

In the field of athletics, Sig-Ep takes a back seat to no one. This fall, the Sig-Ep "Flyers" won their second straight interfraternity football championship. The season was climaxed with a bowl victory against the fraternity champions of New Hampshire. Varsity coaches have found much good material living behind the "red door". The house has brothers on the soccer team, track team, swimming team, hockey team, and lacrosse team.

If the mark of a good fraternity is the amount of interest its members take in extra-curricular activities, then it is evident that Sig-Ep has not forsaken the obligations of a fraternity. Sig-Eps are found in many campus organizations. Their influence extends from the Student Senate and Men's Judiciary to the *Index* and Revelers, from *Ya-Hoo* and Maroon Key to Adelpia and Newman Club. In addition, there are many brothers in various departmental clubs.

With goals firmly established, Sigma Phi Epsilon proceeds confidently toward the future.

## TAU EPSILON PI

Celebrating 20th Year At U of Mass

In 1938 when Phi Lambda Tau became Tau Pi Chapter of Tau Epsilon Pi, the chapter had only ten charter members. It now boasts an active membership of fifty-eight brothers.

During the past twenty years since TEP's inauguration on this campus, its brothers have been active in all University activities. This year TEP has members on Adelphia, Maroon Key, Tau Beta Pi, The University Literary Publication and Varsity sports.

In IFC competition, the brothers have made a very fine start this year by taking a first place in the IFC skits and winning a fourth place in the IFC sing.

At Christmas time, TEP holds its annual party for the orphaned children of Amherst in conjunction with one of the sororities. The brothers also work collecting funds for various civic and national organizations.

Officers this year are President, Hal Becker; Vice-president, Dave Margolis; Secretary, Al Serser; Treasurer, Hal Leppo; and Historian, Charles Burnim.

TEP is now engaged in a fund raising policy for the purpose of building a new house on the proposed fraternity row.

All of TEP's policies and activities reflect the lesson of the bridge-builder — "To build for the future so that others may reap the benefits of our labors."

## TAU KAPPA EPSILON

The Epsilon Delta chapter of Tau Kappa Epsilon has become one of the largest fraternities on campus since its initiation into the national organization in 1956. The fraternity is located at 401 North Pleasant Street.

The fraternity has been outstanding in Inter-fraternity Competition this year, having won the IFC Sing for the third consecutive year and copping third place in IFC football. Individual Tekes have been very active in various campus organizations and societies. Among these are Adelpia, Maroon Key, Men's Judiciary, Revelers, Campus Varieties, Operetta Guild, the Statesmen, Chorale and Winter Carnival. Also the Presidents of the Sophomore and Junior Classes, the Co-Chairman and Treasurer of the Christian Association, the president of IFC and the Cadet Commander of the Armored ROTC are brothers.

Athletically TKE boasts of brothers on the varsity football, soccer, swimming, track and gymnastic teams as well as captains of the cross country and rifle teams.

Scholastically the Tekes are near the top. Fraters are members of Phi Kappa Phi, Tau Beta Pi and Phi Eta Sigma honor societies. Last semester the fraternity placed fourth in the IFC scholarship competition.

Tau Kappa Epsilon is a well balanced fraternity, with fraters of many interests and personalities. But together, the unity of the group makes TKE "the fraternity for life."

## THETA CHI

Theta Chi fraternity, founded nationally at Norwich University in 1856, started on this campus in 1911, and moved into its present brick-constructed house at 496 North Pleasant Street in 1935. In 1955, a \$40,000 addition to the house was completed. This addition means that Theta Chi is the largest fraternity on campus in terms of living space.

Since its inception at the University of Massachusetts, Theta Chi has taken an active part in campus leadership. Several years ago it became the first fraternity to employ a permanent house hostess, Mrs. Mary Doering. Since then all other houses have adopted this housemother system.

Presently Theta Chis are represented in a host of campus activities. They have five men on the varsity basketball team and three members on the baseball squad, including the captain. Theta Chi is also represented on the hockey, football, soccer, lacrosse and wrestling teams.

Other major positions held by Theta Chis include the president of the Senior Class; the vice president of the Junior Class as well as four chairmen of the Winter Carnival Committee. Two brothers are affiliated with the *Index* and five more Theta Chis, including the president, are members of the Maroon Key.

Theta Chi strives constantly to fulfill its motto, "Alma Mater First, and Theta Chi for Alma Mater."

## CHI OMEGA

The year 1958-59 was another successful and fun-filled year for Chi Omega.

Socially, Chi Omega had one of its best pledge formals ever, at the Sheraton-Kimball Hotel in Springfield. Chi Omega also entertained many guests at dinner and participated in several exchange suppers with various fraternities. The Seniors will long remember the impromptu coffee hours and Ooo-pi-Shu-pi Nights.

As a house, Chi Omega was very busy with rush parties, the float parade, and the sing. Individually, Chi O has many members active in Mortar Board, Scrolls, "Who's Who," WAA, Naiads, Women's Judiciary, and Senate; as well as House Counselors, Class Officers and activities committees.

On the whole, the Chi O's have had a varied and interesting year.

## KAPPA ALPHA THETA

A finger in every pie, the Thetas are well known for both their scholastic and extra-curricular achievements. Along with maintaining the second highest scholastic average among sororities on campus, the all-around girls of KAΘ find time to lend their abilities to such organizations as Revelers, Roister Doisters, Chorale, Scrolls, Ski Club, Mortar Board, Student Union Planning Council, Precisionettes, Operetta Guild, and religious clubs. In many of these activities the Thetas excel as group leaders, and many of the class officers on campus wear the black and gold kite. Taking time out from studying and activities, the girls of KAΘ concentrated on rushing and pledging 22 freshmen, four sophomores, and one junior. The freshman pledges were presented to the campus at a tea held on February 1. Later in March, the pledge formal was held at the Hotel Weldon in Greenfield. As in every other year, the Thetas have held their reputation of being all-around, helpful leaders of the University of Massachusetts.

## KAPPA KAPPA GAMMA

The Kappas opened their social season this year with a Sunday afternoon tea honoring their new house mother.

Fall saw our two Mortar Boards, two Scrolls, and two class secretaries busy at work on campus. Early in the year plans were underway for our entry in the annual float parade for Homecoming Weekend.

November and December found nine of our seniors rehearsing for Campus Varieties, in which Betty Grimm had one of the leading roles and Rita Capolupo was assistant director.

The Christmas season was celebrated by two Christmas parties with SAE and TEP, and the pledging of thirteen top freshmen.

Our Pledge Formal was held very successfully at the Lord Jeffrey Inn on Valentine's Day.

Throughout the year Kappas have been active on campus in Newman Club, C. A., Student Union committees, Carni committees, WAA, *Handbook*, *Collegian*, and we had three queen candidates.

## PHI DELTA NU

Phi Delta Nu is a local non-discriminatory sorority founded in the fall of 1950 and is presently located at 389 North Pleasant Street.

Members of Phi Delta Nu have participated in various activities on campus, including the *Collegian*, Chorale, University Singers, Operetta Guild, the Christian Association, Newman Club, Hillel Foundation, Naiads, and various departmental clubs. Among the members is the President of the State Home Economics Club of Massachusetts, the International President of the Association of Synchronized Swimming for College Women, and several Phi Kappa Phi students. Phi Delta Nu women are also found as counselors in the women's dormitories. In the nine years in which Phi Delta Nu has been in existence, it has become an integral part of the University of Massachusetts.

Is everybody happy?

It takes all kinds.

Where's the fire?

A great party!

## PI BETA PHI

Since the founding of Pi Beta Phi at the University of Massachusetts, its members have actively participated in campus life. They have served the University on Judiciary Board, Student Senate, Scrolls, Mortar Board, Phi Kappa Phi, and various other student organizations.

One of the major highlights of the first semester for the University and Pi Beta Phi is Homecoming Weekend. This past year, Pi Phi placed second in the Float Parade with the theme "Mass Plunder". Pi Phi held its annual Open House Jazz Concert the week-end of the New Hampshire game. A capacity crowd enjoyed refreshments and the music of the New Orleans Jazz Band. On February 21, the new pledges were introduced at the annual Pledge Formal held at the Roger Smith Hotel.

The Pi Phis of 1959 have endeavored to uphold the great traditions established by their sisters throughout the years.

The Statesmen (?)

Last minute rush.

Look at all those smiling faces!

## SIGMA DELTA TAU

September '58 brought the return of the SDT's to campus full of enthusiasm and pep for the coming year. The first big weekend was the U.M.-B.U. game, celebrated with an open house and jazz band. Soon afterwards came Homecoming Weekend with the "alums" coming back to see us win first place in the float parade with the theme of "SDT says Kwai-it Them".

Exchange suppers, freshman rushing and pledging, and Christmas parties have helped to fill the social engagements. Pledge Formal, our annual formal affair of second semester, proved a success.

Activity-wise on campus we have had a very busy year. We've been well represented on Mortar Board, Scrolls, Revelers, "Who's Who," and Precisionettes. We can also boast of Women's Judiciary, House Counseling and chairmen of various activities, as well as being active in sports, WAA, and Naiads.

Academically, SDT has placed high with several girls being elected to Phi Kappa Phi and Dean's list.

All in all, our year has proved to be filled with many and varied contributions to the campus.

Posed?

So this is sorority life!

## SIGMA KAPPA

With spring came H.E.R. weekend and Sigma Kappa's "Moonlight Gambler" party, complete with roulette wheels and jazz band.

In the fall, the Sigmas returned to a newly painted and decorated house, inside and out. The girls couldn't have been more proud of their mortgage burning in October.

Homecoming Weekend was highlighted with an open house; Christmas with a party with alumnae and new pledges. Again, this year for their philanthropic project, the girls sent presents to the Maine Seacoast Mission.

Wrapping up the social calendar for Sigma Kappa was their pledge formal in February.

Sigmas were also very active in campus activities, with the president of Scrolls, treasurer of Mortar Board, co-chairman of C. A. and members in Roister Doisters and on the Student Union Committees.

*Front Row:* Linda Frissel, Dorothy Rice, Judy Konopka, Jane Massimiano, Sally Burke, Honey Menkes, Dorothy Ravgiala. *Back Row:* Kay Hovey, Sally Blombach, Carol Noetzel, Elaine Olbrych, Natalie Martins, Crinny Erickson, Elaine Norton

## GAMMA CHI ALPHA

A germ of an idea was formed in the mind of an incoming sophomore during the summer of 1958. In the months following, the originator of this idea, along with a group of fellow sophomores, transformed this idea into a reality. You know by now that the idea was that of Gamma Chi Alpha, the latest local sorority on campus.

The summer of 1958 found Jane Massimiano, '61, thinking about the sorority situation which existed on the University campus. So many girls who rushed sororities could not be pledged because of a simple lack of facilities and space in the sorority houses. It was a well-known fact that there was a serious need for more sororities.

Jane presented this idea to a group of her friends, who also realized this problem and who wished to remedy it. They met for the first time on November 10, 1958, after securing permission from the Dean of Women, Helen Curtis, to embark on their project. Gamma Chi Alpha had started to become a reality.

Working closely with Dean Curtis and two advisors from the Panhellenic Council, the group began the task of constructing a constitution. After a few rough drafts had been written, a final copy was passed by Dean Curtis on February 16, 1959, and signed by President Jean Paul Mather on Wednesday February 18.

Initiation, the true founding of Gamma Chi Alpha as a local women's fraternity, was held on February 19, in the Colonial Lounge of the Student Union. All 15 of the original founders received their pins from Jane Massimiano, President.

Prior to the ceremony the women were feted at a buffet supper given by their advisors, Miss Oreana Merriam, Mrs. Donald Bossart, and Mrs. Sharhum Agerwal.

Those initiated were Jane Massimiano, president; Sally Burke, vice president; Judy Konopka, recording secretary; Honey Menkes, corresponding secretary; Grace Grybko, treasurer; Dorothy Rice, chaplain; and Dorothy Ravigiala, historian.

Others were Sally Blombach, Carole Noetzel, Elaine Olbrych, Elaine Norton, Natalie Martins, Kathleen Hovey, Linda Frissell, and Carolyn Ericson.

# APRIL

April is normally a period of gentle rains and renewed activity. So it was this year at Umieland. Students, as if awakened from their winter shell, participated in and attended numerous campus functions. These ranged from campus elections to concerts. Nature was good to us in April and there was no repetition of the freak snowstorms experienced in the Aprils of past years.

Early in the month, the sororities began the tedious, but mostly humorous, task of preparing for the sing and declamation to be offered during Greek Week. Their efforts were well received as evidenced by the large turnout for the contests. Finally the Ball. The swinging music of Sammy Kaye proved to be a fitting climax for a successful week.

Nevertheless, the more serious side of the campus entertainment was in no way neglected. A large crowd thrilled to the performance of the double piano team of Arthur Whittemore and Jack Low. As usual, the Roister Doisters produced a fine vehicle, "Time Remembered."

During the month, announcement was made of the special gift of the class of 1959. Money will be collected from each member of the class and deposited in a bank. At the 25th reunion of the class a gift purchased with this money will be presented to the University.

While all these things were being presented on campus, a diligent group of students and faculty was laying the plans for the annual Open House Weekend. Thousands of parents and students visited the campus and obtained a closer view of the accomplishments, and problems, of the modern University.

Hopes had been running high among the student body that there would be a Spring Day. There were literally dozens of Spring Day Committees formed. But all was in vain. President Mather issued the order; there was to be no Spring Day this year.

Graduation was now only five weeks away, but few realized that the time was getting so short.

# MAY

May has always had a two-fold function at the University; it has to give the campus a cover of fragrant green, and it reminds the student that finals and summer vacation stand before him.

Honor and distinction were afforded campus leaders at the annual Honors Convocation. Besides the tapping of undergraduates, leading members of the UMass. population were recognized.

With an eye toward solving mutual problems, members of student organizations as well as members of the administration and faculty participated in the S.W.A.P. convention. All facets of campus activity were discussed and the students returned to their organizations with a new understanding of their role on the campus.

Yet still there was no Spring Day. No opportunity to forget about classes and lie in the warming sun.

The R.O.T.C. components, hampered by the bad weather last year, had no such problem this year. They had a warm and sunny day — to participants it seemed too warm and too sunny. Now the uniforms could be returned to their summer home in the Stables.

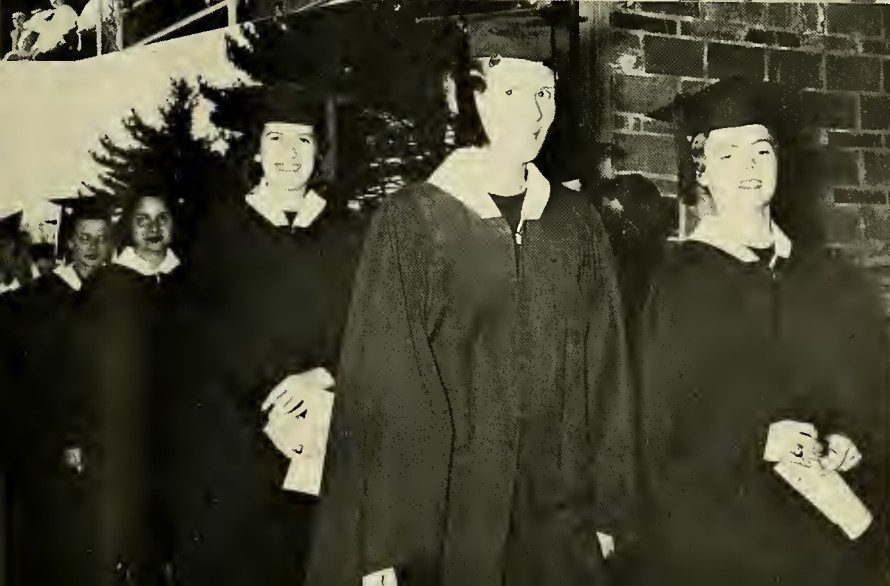

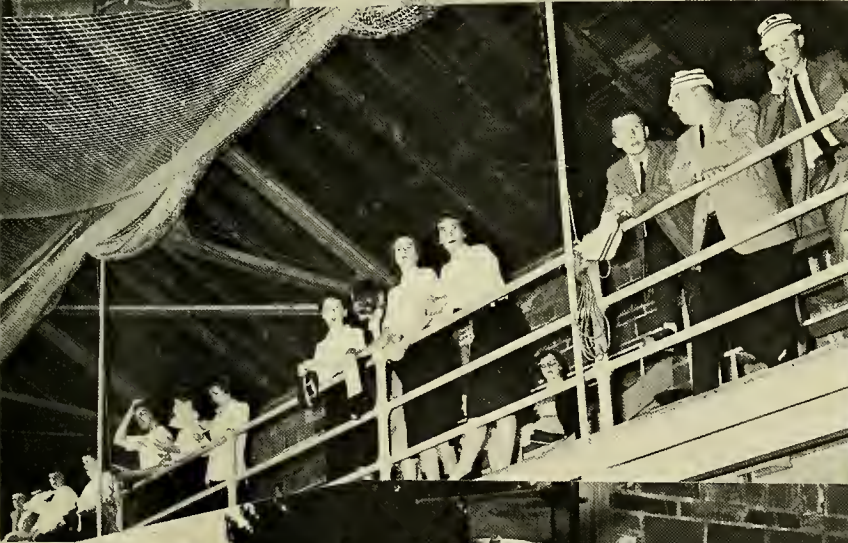

Fraternities and sororities, in an attempt to utilize the few remaining school days, held formals, picnics, and "knurds." Seniors now realized that only a set of finals stood in their path toward graduation.

Finals came. Minds were turned away from thoughts of all else. Words like *picnic*, *hatch*, and *party* were replaced with words like *multiple choice*, *grade*, and *scale*.

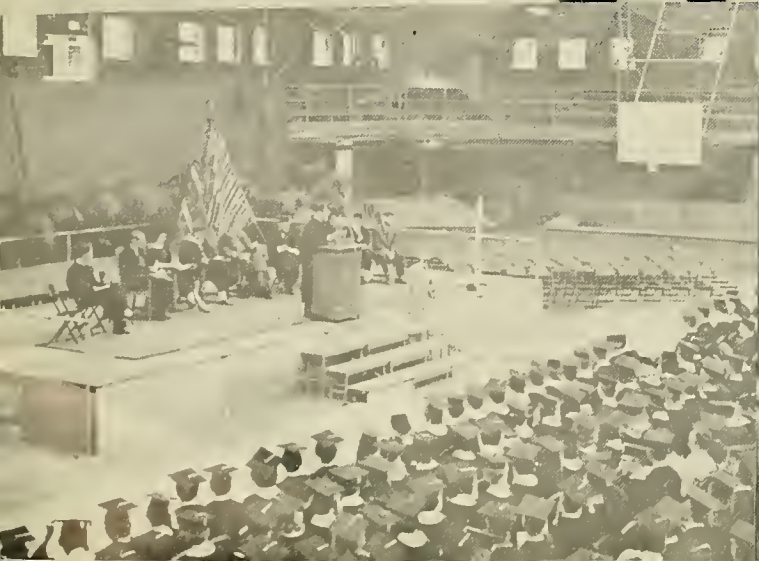

After finals, there was but a week left before the class of 1959 could receive their diplomas and reach their long-awaited goal . . . GRADUATION.

# Alumni - Student Relations

In February the University Alumni-Student Contact Committee, chaired by Robert Leavitt, Associate Alumni Director, sponsored a buffet and open house in the Alumni Offices at Memorial Hall, inviting class officers and representatives from all campus organizations.

The purpose of the function was to acquaint the student body with the Associate Alumni, its purposes, its office set-up, and the Alumni-Student Contact Committee.

Highlighting the program was a display of office machinery used to keep records of, and maintain contact with, the 12,000 University alumni.

Mrs. Elaine Marks, '56, a member of the Board of Directors, opened the program and explained the formation of the Student Contact Committee which was set up last year to promote and maintain contact between the alumni and the student body. The committee, made up of representatives from each class and various alumni, meets once a month to air mutual problems, to discuss how the alumni can aid the students, and to devise methods of informing the student body as to the activities of the alumni.

Other speakers for the afternoon were Mr. Robert Leavitt, an alumnus of the University and Executive Director of the Associate Alumni, and Bob Betts '59, President of Adelpia and member of the Committee.

Following a demonstration and explanation of the office set-up, files, and machines used to type, fold, and address letters to the alumni, Mr. Leavitt gave a short history of the Associate Alumni.

Previous to 1953, each alumnus was asked for yearly dues of \$3. This system was discontinued in 1953, and the collection of contributions was put into effect. Within one year, according to Mr. Leavitt, the income was doubled.

In 1956, the Class Agent system was introduced, which again doubled the income.

Mr. Leavitt went on to praise the Berkshire County and Springfield Alumni Clubs which sponsor Operetta Guild productions out of town and turn the profits over to the University scholarship fund. He also mentioned the class reunions held on campus every year, and the *Alumnus Magazine*, edited by Mr. William Deminoff, which is sent to every alumnus.

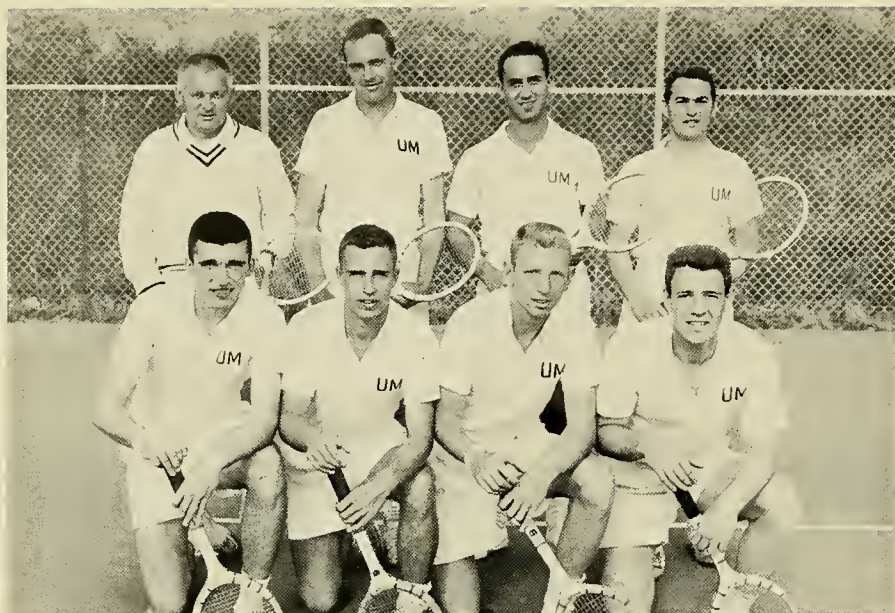

Mr. Betts mentioned such services as the Alumni College held at Graduation and Homecoming Weekend, which consists of lectures and seminars the alumni may attend.

Mr. Betts also spoke about plans the Contact Committee has for a "Career Day," during which alumni from many fields and professions would come to the campus to speak to students interested in their particular fields of work.

It was stated by Mr. Leavitt that to serve the growing alumni and to provide for more scholarships and beneficial programs, more expansion of services will be necessary. He also made it clear that the Alumni Office welcomes students to discuss ideas and problems, and to get acquainted with the Alumni program.
